PREAMBLE

In order to establish principles and procedures to assure that acceptable standards of professional practice are maintained at Kaiser Foundation Hospital, Fontana, and in order to provide an organization through which such principles and procedures may be made effective, this Professional Staff organization is formed, and the Bylaws and the Rules and Regulations hereafter set forth are adopted.

This organization recognizes that Kaiser Foundation Hospitals, a California nonprofit public benefit corporation, is the owner and operator of the Hospital. The Board of Directors of Kaiser Foundation Hospitals, as the Governing Body of Kaiser Foundation Hospital, Fontana, has the ultimate responsibility for the proper functioning of the Hospital and for all related matters.

Providing professional medical care and treatment of patients is the responsibility of the Professional Staff. The primary reason for this organization is to promote the effectiveness of the Professional Staff in carrying out this responsibility.

The Board of Directors recognizes that the standards and effectiveness of hospital services and medical care and treatment depend largely upon the Professional Staff, and desires active Professional Staff assistance and cooperation for maintaining acceptable standards of medical care, treatment, safety and hospital services for all persons admitted to or treated in the Hospital.

The Professional Staff and Board of Directors mutually recognize that the interests of hospital patients will be best served and protected by concerted and cooperative effort on the part of all the Professional Staff practicing at the Hospital, acting with the support and cooperation of the Board of Directors.

Kaiser Foundation Hospital, Fontana, is a community hospital, intended to and morally obligated to provide, to the best of its ability, for the hospital needs of persons in the community, without unlawfully discriminating on the basis of any person's race, creed, religion, preexisting medical condition, mental or physical disability, sex, age, color, ethnicity, sexual orientation, national origin, citizenship, insurance status, economic status or ability to pay for medical services.

The principal purpose of the Professional Staff is to maintain and improve standards of health care for all persons served by the Hospital.
ARTICLE A: NAME, PURPOSES, AUTHORITY AND DEFINITIONS

SECTION A-1. NAME

The name of this organization shall be the "Professional Staff of Kaiser Foundation Hospital, Fontana."

SECTION A-2. PURPOSES

The purpose of this organization shall be:

a. To foster, promote and oversee the quality of health care, toward the objective that all persons admitted to the Hospital or treated in the Emergency Department shall receive appropriate, cost-effective care of a quality consistent with acceptable standards of hospital and professional practice.

b. To promote and foster continuing education and maintain acceptable educational standards through conduct of a comprehensive staff education program, including staff and departmental meetings and conferences, conferences in clinical pathology, study of selected individual cases and groups of cases, lectures, demonstrations, instructional courses by knowledgeable persons in the profession, and maintenance of library facilities.

c. To foster and promote acceptable standards of performance of the medical administrative responsibilities of the Professional Staff, particularly with respect to the preparation and maintenance of medical records.

d. To foster, promote, and maintain acceptable professional, technical and ethical standards, and in furtherance of such purpose, to review and make recommendations regarding all staff appointments and grants of hospital privileges, including delineation of hospital privileges and review of practitioners' practices within the Hospital.

e. To encourage medical knowledge and education by supporting medical research and fostering the conduct of medical research programs appropriate to the facilities of the Hospital and the interests and special abilities of members of the Professional Staff.
f. To provide a structure for Professional Staff activities and accountability to the Board of Directors.

g. To offer a means whereby problems of a medical administrative nature which have not been resolved at the hospital level may be discussed by the Professional Staff with the Board of Directors or its representatives.

SECTION A-3. AUTHORITY

These Bylaws and the appended Rules and Regulations are adopted, and this organization is formed, under the authority of the Board of Directors.

SECTION A-4. PROFESSIONAL STAFF RELATIONSHIP WITH THE HOSPITAL ADMINISTRATOR AND BOARD OF DIRECTORS

The Hospital Administrator, pursuant to the Bylaws of Kaiser Foundation Hospitals, shall have primary responsibility for the management and administration of the Hospital, and shall exercise such other authority and perform such other duties as the Board of Directors of Kaiser Foundation Hospitals may assign. The Professional Staff member shall have full authority with respect to the medical, dental, psychological or podiatric care of a patient, provided, however, that he or she observes the administrative policies of the Hospital and these Bylaws and the Rules and Regulations. In administrative matters the Professional Staff, through the Chief of Staff, shall act in an advisory capacity. Professional Staff liaison with the Board of Directors shall be maintained through the Hospital Administrator and other officers of Kaiser Foundation Hospitals.

SECTION A-5. DEFINITIONS

As used herein:

a. "Active Staff" means members of the Professional Staff meeting the qualifications set forth in Section C-1.

b. "Administrative Staff" means members of the Professional Staff meeting the qualifications set forth in Section C-6.

c. "Allied Health Professional" means an individual, other than a licensed physician, dentist or podiatrist, who exercises independent judgment
within the areas of his or her professional competence and the limits established by the Board of Directors, the Professional Staff and the applicable State practice acts, who is qualified to render certain limited direct or indirect medical, dental, or podiatric care under the supervision or direction of a Professional Staff member possessing privileges to provide such care in the Hospital, and who may be eligible to exercise practice privileges and prerogatives in conformity with the rules adopted by the Board of Directors, these Bylaws, and the Professional Staff Rules and Regulations. Allied Health Professionals are not eligible for Professional Staff membership. "Allied Health Professional" includes, but is not necessarily limited to physician assistants, nurse practitioners, certified nurse midwives, certified registered nurse anesthetists, and psychiatric social workers allowed to perform behavioral therapy.

d. "Appointment Period" means the term of appointment of members of the Professional Staff, specifically not more than two (2) years.

e. "Board of Directors" means the Governing Body of Kaiser Foundation Hospitals.

f. "Bylaws" means these Bylaws of the Professional Staff of Kaiser Foundation Hospital, Fontana.

g. "Chief of Staff" means the chief officer of the Professional Staff.

h. "Privileges" means the permission granted to a Professional Staff member or Allied Health Professional to render specific clinical, diagnostic, therapeutic, medical, dental, psychological, podiatric, or surgical services in the Hospital within the limits of his or her license, registration or certification.

i. "Clinical Psychologist" means an individual holding a doctoral degree in psychology or a doctoral degree considered equivalent by the state licensing board, and a license to practice clinical psychology in this State.

j. “Complete Application” means all information an applicant for Professional Staff membership or privileges has been asked to provide during the credentialing and privileging processes described in Sections B-2.b. has been submitted to the Hospital.

k. "Courtesy Staff" means members of the Professional Staff meeting the qualifications set forth in Section C-2.
l. "Date of Receipt" means, as used in Section B-4 and B-5 of these Bylaws, the date that any notice or other communication was delivered personally to the addressee the date evidenced on the return receipt or other method confirming receipt of five (5) working days after it was deposited as postage prepaid, First Class United States mail.

m. "Day" means calendar day, including weekends and holidays.

n. "Dentist" means an individual holding a D.D.S. or D.M.D. degree and licensed to practice dentistry in this State.

o. Executive Committee" means the Executive Committee of the Professional Staff.

p. "Governing Body" means the Board of Directors of Kaiser Foundation Hospitals.

q. "Hospital" means Kaiser Foundation Hospital, Fontana.

r. "Hospital Administrator" means the individual appointed by the Board of Directors to undertake primary responsibility for the management and administration of the Hospital.

s. "House Staff" means doctors of medicine, podiatry and dentistry in approved training programs in the hospital. House staff are not Professional Staff members, and as such, are not entitled to any of the rights or prerogatives of Professional Staff members.

t. "KFH Hospitals" means a hospital, ambulatory surgical center or surgical clinic under the governance of the Kaiser Foundation Hospitals Board of Directors.

u. "Medical-Administrative Officer" means a practitioner who is employed by or is serving the hospital in both administrative and clinical capacities under a contract or agreement with the hospital.

v. "Medical Disciplinary Cause or Reason" in Section B-4 and B-5 of these Bylaws, refers to a basis for disciplinary action involving an aspect of a practitioner's competence or professional conduct which is reasonably likely to be detrimental to patient safety or to the delivery of patient care.

w. "Nurse Executive" means a registered nurse qualified by advanced education and management experience who has the authority and
responsibility for establishing standards of nursing practice throughout the Hospital.

x. “Oral Surgeon” means an individual who holds a D.D.S. or D.M.D. degree, who has successfully completed a residency in oral surgery of at least three years duration as approved by the American Dental Association Commission on Dental Accreditation, and is licensed to practice in this State.

y. “Physician” means an individual who is licensed to practice medicine or osteopathy in this State.

z. “Podiatrist” means an individual who holds a D.P.M. degree and who is licensed to practice podiatry in this State.

aa. “Practitioner” means, unless otherwise expressly limited, a member of the Professional Staff or an Allied Health Professional exercising privileges. As used in Section B-5, “practitioner” refers to an applicant for initial membership or a member of the Professional Staff who has requested a hearing pursuant to Section B-5 and includes physicians, podiatrists, and dentists.

bb. “Professional Staff” means the formal organization of all physicians, dentists and podiatrists licensed to practice in this State and privileged to care for patients and/or participate in Professional Staff matters in Kaiser Foundation Hospital, Fontana.

c. “Rules and Regulations” means the Rules and Regulations of the Professional Staff of Kaiser Foundation Hospital, Fontana. These Bylaws describe the fundamental principles of Professional Staff self-governance and accountability to the Board of Directors. Accordingly, the key standards for Professional Staff membership, appointment, reappointment and privileging are set out in these Bylaws. Additional provisions, including, but not limited to, administrative procedures for implementing the Professional Staff standards may be set out in Professional Staff Rules and Regulations, or in policies adopted or approved as described in these Bylaws. Upon proper adoption, as described in these Bylaws, all such Rules and Regulations and policies shall be deemed an integral part of the Professional Staff Bylaws.
ARTICLE B: MEMBERSHIP

SECTION B-1. CLASSIFICATION AND MINIMUM QUALIFICATIONS

a. Professional Staff Classifications. All members of the Professional Staff shall be assigned to a category of Professional Staff membership in accordance with the provisions of Article C.

b. Minimum Qualifications: Licensure. No person shall be appointed to Professional Staff unless duly licensed to practice medicine, dentistry or podiatry in this State. No one shall be entitled to Professional Staff membership or to enjoy privileges solely because he or she meets the foregoing minimum qualifications.

c. General Qualifications for Membership. To qualify for and continue membership on the Professional Staff a practitioner must:

1. Document and submit evidence of his or her experience, background, training, demonstrated ability, availability, and physical and mental health status with sufficient adequacy to demonstrate to the Professional Staff and the Board that he or she will provide care to patients at the generally recognized level of professional quality, taking into account patients' needs, available Hospital facilities resources, and utilization standards at the Hospital;

2. Agree to cooperate in any review of a practitioner’s credentials, qualifications or compliance with the Bylaws (including one’s own), any review as part of the Professional Staff's performance improvement activities, and refrain from directly or indirectly interfering, obstructing or hindering any such review by any means, including by threat of harm or liability, by withholding information, or by refusing to serve or participate in assigned responsibilities;

3. Demonstrate willingness to participate in the discharge of Professional Staff responsibilities, including providing for the continuous care of his or her patients;

4. Perform a sufficient number of procedures, manage a sufficient number of cases, and have sufficient patient care contact within
the Hospital or another community hospital or health care setting to permit the Professional Staff to assess the applicant’s current competency for all privileges, whether requested or already granted;

5. Be free of any physical, mental or behavioral impairment that interferes with, or presents a substantial probability of interfering with patient care, the exercise of privileges, the assumption and discharge of required responsibilities, or cooperative working relationships;

6. Abide by the terms, conditions and procedures of the Bylaws and Rules and Regulations of the Professional Staff and the policies of the Professional Staff and the Hospital;

7. Demonstrate the ability to work cooperatively and professionally with the Hospital, its staff and the Professional Staff, and refrain from harassing, disruptive, or any other behavior which has interfered or could interfere with patient care or the proper operation of the Hospital and its Professional Staff;

8. Have a practice or a specialty which is consistent with the purposes, treatment, philosophy, methods and resources of the Hospital and for which the Hospital has a current need;

9. Demonstrate compliance with additional criteria imposed by the Professional Staff;

10. Maintain adequate professional liability insurance or equivalent coverage, meeting the standards established by Hospital Administration.

d. General Responsibilities of Membership.

For continued membership on the Professional Staff, a practitioner must:

1. Provide his or her patients with care at the generally recognized level of professional quality and efficiency;

2. Discharge such staff, department, service, committee and Hospital functions for which he or she is responsible by appointment, election or otherwise, including where applicable, participate in
the Emergency Department “on call” system to the extent required by the Hospital or applicable law and comply with policies governing supervision of House Staff;

3. Prepare and complete in a timely and legible manner the medical and other required records for all patients he or she admits or to whom he or she in any way provides care in the Hospital;

4. Abide by the ethical principles and laws governing his or her profession;

5. Maintain the confidentiality of all medical record and patient treatment information; quality improvement, risk management, and utilization management information and data; and peer review information, proceedings, and records;

6. To the extent applicable, provide services to indigent, medical assistance patients and other patients in accord with the requirements of the Professional Staff; and

7. Promptly notify the Chief of Staff or the Hospital Administrator of the expiration, revocation, suspension, limitation, or voluntary or involuntary relinquishment of his or her professional license in any jurisdiction; the imposition of terms of probation or limitation of practice by any state licensing agency; his or her voluntary or involuntary loss of staff membership, or loss, curtailment or restriction of privileges, at any hospital or other health care institution; the cancellation or restriction of his or her professional liability insurance coverage; the revocation, suspension, voluntary or involuntary relinquishment, or any prior or pending challenges to his or her DEA registration or other authorization to prescribe or furnish controlled substances; adverse determinations by a Peer Review Organization concerning his or her quality of care; any opt out, sanction or debarment or notice of same by a government health program (e.g., Medicare); a formal investigation or the filing of charges by the Department of Health and Human Services or health regulatory agency of the United States or any State or territory of the United States; or notice of a claim or entry of a judgment or settlement against the practitioner alleging professional liability or any other matter likely to impact or interfere with his or her ability to provide safe, quality health care:
8. Promptly notify the Chief of Staff or the Hospital Administrator of any investigation, filing of charges, arrest, or conviction, or notice thereof by any law enforcement agency; and

9. Promptly notify the Chief of Staff or Hospital Administrator if he or she no longer meets one or more of the qualification listed above or if he or she is unable to exercise privileges or the responsibilities of membership.

e. The foregoing minimum qualifications shall apply to all practitioners.

SECTION B-2. APPOINTMENT OF PROFESSIONAL STAFF MEMBERS

a. **Authority of Board of Directors.** It is recognized that the Board of Directors has ultimate legal and moral responsibility for health care and services rendered in the Hospital, including final authority on the granting, renewing, delineating, reducing, suspending, and terminating of Professional Staff privileges. The exercise of the Board's authority in this regard, directly or as delegated, shall follow the procedures prescribed in these Bylaws.

b. **Application.** An applicant applying for membership on the Professional Staff and/or privileges shall file an application on a form approved by the Credentials and Privileges Committee, presenting the professional and other qualifications of the applicant, and additional relevant information, and documenting the applicant’s agreement to abide by the Professional Staff Bylaws and Rules and Regulations and to release all persons and entities from any liability that might arise from their investigating and/or acting on the application.

c. **Applicants for Closed Departments, or Administrative or Medical-Administrative Positions.** Individuals seeking medical-administrative positions in the Hospital, or memberships in closed specialty departments or services, or administratively responsible capacities in the Hospital pursuant to a contract, shall be appointed and reappointed through the same procedures used for all other applicants and members of the Professional Staff.
d. **Consideration and Review.**

1. It is the applicant’s responsibility to provide all information required to make an application complete as defined in Section A-5.i. If a complete application is not provided within thirty (30) days after any request for information is made by the Hospital Administrator, or his or her designee, the application shall be automatically removed from consideration for membership and privileges. The application shall not be denied, but will be filed as incomplete, which action shall not entitle the applicant to the hearing and appeals procedure set forth in Section B-5.

2. The Credentials and Privileges Committee, in conjunction with the chief of the pertinent clinical department, shall review the professional competence, qualifications, and other factors relevant to the membership and privileges requested. The committee may request an interview with the applicant. The committee shall verify, through information provided by the applicant and other sources available to it, that the applicant meets and has established the necessary qualifications for Professional Staff membership.

3. No applicant shall be recommended for rejection because of unlawful discrimination based upon his or her race, creed, religion, sex, age, mental or physical disability, color, sexual orientation, or national origin.

4. If the Credentials and Privileges Committee, upon examining the application and supporting information, has doubts regarding the privileges the applicant seeks in the Hospital, it shall make such further inquiry as it deems appropriate. However, the burden of establishing his or her qualifications and producing the requisite information shall be on the applicant. Misrepresentations, omissions, or the failure to furnish requested information are grounds for denying the application.

5. The Credentials and Privileges Committee shall make a written recommendation to the Executive Committee of the Professional Staff, indicating whether the applicant should be accepted, rejected, or deferred pending inquiries into the qualifications and competence of the applicant, as appropriate. Such
recommendation also shall indicate the applicant's staff classification, departmental assignment, and privileges to be granted.

6. The period of time between Executive Committee recommended action on a completed application and action by the Board of Directors shall not exceed one hundred and twenty (120) days.

e. Executive Committee Action. The Executive Committee, at its next regular meeting after receipt thereof, shall consider the application, supporting and related information, findings and recommendations of the Credentials and Privileges Committee. The Executive Committee may arrange to interview the applicant and request further information relative to the application as it deems desirable. The Executive Committee shall:

1. Recommend that the applicant be appointed, designating the staff classification and departmental assignment, and indicating the privileges to be granted, or

2. Reject the applicant but not because of unlawful discrimination based upon his or her race, creed, religion, sex, age, color, sexual orientation, or national origin, mental or physical disability, or

3. Defer action on the application pending inquiries into the qualifications and competence of the applicant as the Executive Committee considers to be appropriate.

The recommendations of the Executive Committee shall be referred to the Board of Directors for final action. Only recommendations for appointment shall be referred to the Board of Directors for final action, except that, in its discretion, the Executive Committee may forward recommendations to defer or reject applications which it deems worthy of Board consideration. The applicant shall be notified of the Executive Committee's recommendation for rejection or deferral within ten (10) days thereof.

f. Action by Board of Directors; Conference With Staff Representatives; Provisional Appointments. The Board of Directors, at its next regular meeting after receipt of the final report and recommendations of the Executive Committee on any initial application for membership, shall consider same. If the Board determines to act contrary to the
recommendation of the Executive Committee, the Board shall notify the Executive Committee in Writing of the Board’s intention to act contrary to the recommendation of the Executive Committee. Within ten (10) days of such notification, a conference shall be arranged between an equal number of representatives of the Executive Committee and of the Board to discuss the Board’s proposed action. Following such conference, the Board shall make its decision at its next regularly scheduled meeting. When the Board has taken final action on any application for membership on the Professional Staff and/or privileges, the Board shall notify the Hospital Administrator, noting the extent of privileges granted, if any, including any restrictions or limitations thereon or reduced duration of the appointment. The Hospital Administrator shall inform the applicant, the Executive Committee, the Credentials and Privileges Committee and the appropriate departmental chief of the action taken.

g. Temporary Membership

Upon the written concurrence of the Chief of Staff, and the chief of the department to which the applicant is to be assigned, the Hospital Administrator, or his or her designee, may grant temporary membership to a physician, dentist, or podiatrist licensed to practice in this State. Temporary membership may only be granted to practitioners to whom temporary privileges have been awarded pursuant to Section H-6 of these Bylaws.

SECTION B-3. REAPPOINTMENTS OF PROFESSIONAL STAFF MEMBERS

a. Request for Reappointment; Review and Recommendation.

1. Members shall be appointed to the Professional Staff for a term not to exceed two (2) years. Within six (6) months before the expiration of a two-year appointment period the member may apply for reappointment to the Professional Staff. The member shall be required to indicate the scope of privileges requested. If increased privileges are requested, appropriate supporting information shall be provided. The member shall promptly furnish a completed application with current information to include, but not be limited to, that specified in Section B-2.b. If the applicant has not provided a completed application within thirty (30) days of the notice of expiration of the appointment period, the application
may be removed from consideration and filed as incomplete, which action shall not entitle the member to the hearing and appeals procedure set forth in Section B-5. The Hospital Administrator shall notify the member that his or her application has been removed from consideration.

2. The chief of the department shall be responsible for the review of the performance of the practitioner seeking renewal, and shall consider, but not limit review to, factors relevant to the practitioner’s competency as specified in Article B of these Bylaws, and shall make a timely recommendation to the Credentials and Privileges Committee.

3. The Credentials and Privileges Committee shall review the information provided by the practitioner for renewal of membership and privileges and the reports of the chief of the appropriate department and other pertinent information, including reports from other hospitals where the practitioner is a member of the Professional Staff. The Credentials and Privileges Committee shall recommend to the Executive Committee for or against reappointment of each practitioner for the ensuing appointment period (which shall not exceed two years), including the privileges to be granted and the extent thereof, and whether such privileges are to be changed.

b. Executive Committee and Board Action.

The Executive Committee shall make its report to the Board of Directors through the Hospital Administrator, recommending for or against the reappointment of each practitioner for the ensuing appointment period, the appropriate privileges, whether to change them, and listing any restrictions as to such privileges. When the Board has taken final action on any application for reappointment to the Professional Staff and/or renewal of privileges, the Board shall notify the Hospital Administrator, noting the extent of privileges granted, if any, including any restrictions or limitations thereon or reduced duration of the appointment. The Hospital Administrator shall inform the applicant and the Executive Committee of the action taken.

c. Board Action Contrary to Professional Staff Recommendation.
The Board of Directors shall notify the Executive Committee in writing of the Board's intention to act on its own initiative, or contrary to the favorable recommendation of the Executive Committee, on an application for reappointment of Professional Staff membership and/or renewal of privileges. Within ten (10) days of such notification, a conference shall be arranged between an equal number of representatives of the Executive Committee and of the Board to discuss the Board's proposed action. Following such conference, the Board shall make its decision at its next regularly scheduled meeting, which shall be communicated in writing to the practitioner and to the Hospital Administrator and the Executive Committee.

SECTION B-4. CLINICAL PRACTICE MONITORING & EDUCATION, INVESTIGATION, CORRECTIVE ACTION, SUSPENSION AND RESIGNATION

a. Clinical Practice Monitoring and Education

1. **Responsibility.** It shall be the responsibility of the Chief of Staff and the chiefs of the clinical departments, working through department committees to design and implement an effective program (A) to monitor, informally review, conduct focused reviews as indicated, and otherwise assess the quality of professional practice in each department, and (B) to improve the quality of practice in each department by: (1) providing education, and counseling; (2) issuing letters of admonition, warning or censure, as necessary; and (3) requiring routine administrative monitoring when deemed appropriate by department committees.

2. **Procedure.**

   (A) Informal Review

   1. Each department committee conducts patient care reviews and studies of practice within the department in conformity with the Hospital's quality improvement processes and, where warranted, reviews complaints and practice-related incidents.

   2. Professional Staff focused review activities shall be conducted in conformity with applicable quality
improvement processes and policies and procedures.

3. Acting on their own initiative and in their leadership capacities, the Chief of Staff and the chiefs of the clinical departments may also independently review such matters.

4. The above reviews shall not be considered a formal “investigation” as defined by California Business and Professions Code § 805 or the National Practitioner Data Bank nor shall reviews be considered corrective action.

(B) At the discretion of the Chief of Staff, Department Chief, committee chairperson or their designees, when a practitioner’s practice or conduct is scheduled for discussion at the regular department, or a committee meeting, the practitioner may be requested to attend. If a suspected deviation from standard clinical practice is involved, the notice shall be given at least (7) seven days prior to the meeting and shall include the time and place of the meeting and a general indication of the issue involved. Failure of a practitioner to appear at any meeting with respect to which he or she was given such notice, unless excused by the Executive Committee upon a showing of good cause, may be a basis for separate corrective action.

(C) In order to assist department members to conform their conduct or professional practice to the standards of the Professional Staff or Hospital, the Chief of Staff and department chiefs may issue informal comments or suggestions, either orally or in writing. Such comments or suggestions shall be subject to the confidentiality requirements and protections of all Professional Staff information and may be issued by department chiefs with or without prior discussion with the recipient and with or without consultation with the department committee. Such comments or suggestions shall not constitute a restriction of privileges, shall not be considered to be corrective action as provided in Section B-4, and shall not give rise to
hearing review or appeal rights under Section B-5. Following discussion of identified concerns with any department member, the chief of the department (or his or her designee) may issue a letter of admonition, warning or censure, or require such member to be subject to routine, administrative monitoring for such time as may appear reasonable. Any discussion of such actions with individual members shall be informal. Such action shall not constitute a restriction of privileges, shall not be considered to be corrective action as provided in Section B-4, and shall not give rise to hearing review or appeal rights under Section B-5.

(D) Action taken pursuant to this Subsection need not be reported to the Executive Committee.

b. Formal Investigation and Corrective Action.

1. **Initiation of Formal Investigation.** An investigation may be initiated whenever a practitioner demonstrates the inability to meet acceptable standards of care; or whenever a practitioner makes statements, exhibits demeanor, or engages in conduct (either within or outside of the Hospital), that is likely to be detrimental to patient safety or the delivery of quality patient care within the Hospital, is disruptive to the operation of the Hospital, or that may result in the imposition of sanctions against the Hospital, or any person acting on behalf of the Hospital by any governmental authority. A request for an investigation may be initiated by any officer of the Professional Staff, the chief of any department in which the practitioner exercises privileges, the Credentials and Privileges Committee, the Board of Directors, or the Hospital Administrator. The request for investigation will be made in writing and may be based on a complaint or information furnished by any person.

2. **Formal Investigation.** The Executive Committee may initiate a formal investigation on its own initiative, or may do so based on a written request submitted to the Executive Committee, describing the specific activities or conduct that are the basis for proposing an investigation. The Executive Committee may conduct the investigation itself, or appoint an ad hoc committee of Professional
Staff members to conduct the formal investigation. The Executive Committee or ad hoc committee may, in its discretion, interview the practitioner regarding the subject of the formal investigation. Any such interview shall be informal, shall not constitute a "hearing" as that term is used in Section B-5, and none of the procedural rights or requirements in a hearing under Section B-5 shall apply. Neither the practitioner, Executive Committee, ad hoc Professional Staff committee, or any person in attendance during the interview shall be represented by legal counsel at the interview. The initiation of an investigation under this paragraph shall demark the point at which an “impending investigation” is deemed to have commenced within the meaning of Business and Professions Code Section 805(c), and the point at which an “investigation” is deemed to have commenced for purposes of reporting “resignations during investigation” to the National Practitioner Data Bank.

3. **Time Frame for Formal Investigation.** Insofar as feasible under the circumstances, formal investigations should be conducted expeditiously, and should be completed no later than sixty (60) days after the formal investigation’s commencement. If additional time is needed to complete the investigation, the Executive Committee may defer action and it shall so notify the affected practitioner. A subsequent recommendation for any one or more of the actions provided in Section B-4. b. 3, or a decision to defer the matter further, shall be made within the time specified by the Executive Committee, and if no such time is specified, then within thirty (30) days of the deferral.

4. **Executive Committee Corrective Action.** The Executive Committee may take corrective action after consideration of a recommendation for corrective action, or on its own initiative after consideration of a potential basis for corrective action, whether or not the Executive Committee has conducted a formal investigation. A corrective action may be requested by any officer of the Professional Staff, the chief of any department in which the practitioner exercises privileges, the Credentials and Privileges Committee, the Board of Directors, or the Hospital Administrator. A corrective action may be taken whenever a practitioner demonstrates the inability to meet acceptable standards of care;
or whenever a practitioner makes statements, exhibits demeanor or engages in conduct (either within or outside of the Hospital) that is likely to be detrimental to patient safety or the delivery of quality patient care within the Hospital, is disruptive to the operation of the Hospital, or that may result in the imposition of sanctions against the Hospital, or any person acting on behalf of the Hospital by any governmental authority. The Executive Committee may take corrective action including, without limitation:

A. Determining no corrective action should be taken;

B. Deferring for a reasonable time;

C. Issuing letters of admonition, censure, reprimand or warning. In the event such letters are issued, the affected practitioner may make a written response which shall be placed in the practitioner’s credentialing file. Nothing herein shall preclude a Department Chief (or his or her designee) from issuing such letters as otherwise provided in these Bylaws;

D. Recommending the imposition of terms of probation or special limitation upon continued Professional Staff membership and/or the exercise of privileges including without limitation, individual requirements for co-admission, mandatory consultation or monitoring;

E. Recommending reductions of Professional Staff membership status or category, or limitation of any privileges or other prerogatives that are related to the provision of patient care;

F. Recommending suspension or revocation of Professional Staff membership and/or privileges. If suspension is recommended, the Executive Committee shall state the terms and duration of the suspension and the conditions that must be met before the suspension is ended;

G. Referring the practitioner to the Well-Being Committee for evaluation and follow-up as appropriate;
H. Other actions appropriate to the facts developed in the course of investigation;

I. The Executive Committee may implement summary suspension at any time in the exercise of its discretion pursuant to Section B.4.c.1;

J. Nothing in this section shall require the Executive Committee to initiate a formal investigation prior to taking action upon a practitioner's Professional Staff membership or privileges.

5. Interviews After Recommended Corrective Action by Executive Committee. To facilitate the resolution of interprofessional issues at an early stage, a member who is the subject of a recommendation that entitles the member to the procedural rights provided in Section B-5 may request, in writing, an interview before the Executive Committee in order to explain or discuss the facts relevant to the recommended corrective action. The Executive Committee shall decide, in its sole discretion, whether to grant the member's request for the interview. Alternatively, the Executive Committee may request, in writing, such an interview with the member. The Executive Committee shall fix the time and place for the interview as soon as the Committee reasonably may be convened but, preferably, on a date within ten (10) working days after the Executive Committee’s receipt of the request or after the request's delivery to the member, as the case may be. This interview shall be informal, shall not constitute a "hearing" as that term is used in Section B-5, and none of the procedural rights or requirements in a hearing under Section B-5 shall apply. Neither the practitioner, Executive Committee, ad hoc Professional Staff Committee, or any person in attendance during the interview shall be represented by legal counsel at the interview.

6. Board of Directors Action. The Board of Directors shall notify the Executive Committee in writing of the Board’s intention to act on its own initiative, or contrary favorable to the recommendation of the Executive Committee on a matter involving staff privileges. Within ten (10) days of such notification, a conference shall be arranged between an equal number of representatives of the
Executive Committee and of the Board to discuss the Board’s proposed investigation or corrective action. Following such conference, the Board may direct the Executive Committee to initiate an investigation or take corrective action. The Executive Committee shall consider the Board’s direction within thirty (30) days. If the Executive Committee does not take action in response to the Board’s direction, the Board may, in furtherance of the Board’s ultimate responsibilities and fiduciary duties, initiate corrective action, but must comply with applicable provisions of these Bylaws, including Section B-5 where applicable. The Board of Directors shall give great weight to the actions of the Executive Committee and, in no event, shall act in an arbitrary or capricious manner. The Board shall inform the Executive Committee in writing of any action it takes under this Section.

c. Suspension

1. Summary Suspension.

   (A) In cases where it is determined that failure to take action may result in imminent danger to the health of any individual, the Executive Committee, the Hospital Administrator, or designee, Chief of Staff or chief of the department in which the practitioner has privileges may summarily suspend or restrict the privileges and/or membership of a practitioner. In such cases, the Hospital Administrator, or designee, should consult with the Executive Committee, the Chief of Staff or chief of the applicable department before taking action. The chief of the department shall make arrangements for other staff members to attend any inpatients of the suspended member.

   (B) The Board of Directors, or its designee, may immediately suspend or restrict a member’s privileges if a failure to summarily suspend or restrict such privileges or membership is likely to result in imminent danger to the health of any individual, provided that the Board has made reasonable attempts to contact the Executive Committee before the suspension or restriction.
(C) A summary suspension or restriction by the Board or Hospital Administrator which has not been ratified by the Executive Committee within two (2) working days after the suspension or restriction, excluding weekends and holidays, shall terminate automatically.

(D) Oral or written notice of the suspension or restriction, given to the member, shall suffice, provided that any member who is suspended in excess of fourteen (14) days for a medical disciplinary cause or reason shall be provided with the notice and hearing rights set forth in Section B-5. Similarly, a Staff member who has been summarily suspended or restricted for a cumulative total of thirty (30) days or more within any twelve (12) month period, for a medical disciplinary cause or reason, shall be provided with the notice and hearing rights set forth in Section B-5.

(E) The Executive Committee may, at its sole discretion, interview the suspended member in the manner and on the terms set forth in Section B-4.b.2. Whether or not such an interview occurs, the Executive Committee shall schedule a meeting on the matter as soon as the Committee reasonably may be convened, but not longer than ten (10) days after the suspension or restriction is imposed. The Executive Committee shall determine whether such suspension or restriction shall be continued and, if so, for how long or under what conditions restoration of privileges will occur.

(F) Any challenge to the suspension or restriction, or to any recommendation for corrective action pursuant to Section B-4.c. resulting from the suspension or restriction and any related investigation, shall be considered in one (1) single hearing. Any corrective action investigation related to or arising from the suspension or restriction should be completed promptly so that any hearing on the summary suspension or restriction and corrective action can be commenced within sixty (60) days after a hearing on a summary suspension or restriction is requested.
2. **Administrative Suspension.**

   (A) **Incomplete Medical Records.**

   A suspension, effective until delinquent medical records are completed, may be imposed by the Hospital Administrator, for failure of the practitioner to complete medical records within the period of time established in accordance with Professional Staff Rules and Regulations, hospital accreditation standards and legal requirements. The practitioner shall be given ten (10) days' notice of the intent to suspend. No hearing shall be afforded the suspended practitioner under Section B-5, unless the action is recommended against the member based on a "medical disciplinary cause or reason," as defined in Section B-5. The suspension shall continue until the suspended practitioner completes his or her medical records to the satisfaction of the Hospital Administrator. A suspended practitioner may not admit patients to, or perform elective surgery in the Hospital.

   (B) **Revocation, Suspension or Expiration of License to Practice, DEA Certificate, Other Permits and Certificates or Probation.**

   **License to Practice.** Upon notification from the appropriate state agency of the revocation or suspension of the license of a practitioner having privileges to practice his or her profession in this state, the practitioner's privileges and Professional Staff membership shall automatically terminate. Upon restoration or lifting of the revocation or suspension of the license, the practitioner may apply for Professional Staff membership and/or privileges. If a practitioner having privileges at the Hospital is restricted or placed on probation by a state professional licensing agency, the terms of such probation or restriction shall be automatically imposed upon the practitioner's Professional Staff membership and/or privileges. Upon the expiration of the license the professional staff membership
and/or privileges of the practitioner shall automatically be suspended and shall be reinstated upon verification of renewal.

**DEA Registration.** Any action by a government agency resulting in the revocation, limitation or suspension of the practitioner's DEA registration shall automatically terminate the right to prescribe such medications as a member of the Professional Staff. Restoration of the DEA registration after revocation, limitation or suspension shall not automatically restore the right to prescribe the covered medications in the Hospital without reconsideration thereof and a determination by the Credentials and Privileges Committee and Executive Committee to make such restoration. In the event of an adverse recommendation, based on a medical disciplinary cause or reason, the member's hearing rights shall be governed by Section B-5.

Upon the expiration of the DEA registration the practitioner's right to prescribe medications subject to DEA regulation shall automatically terminate and shall be reinstated upon verification of renewal.

**Other Permits and Certificates.** Upon notification from an issuer of a permit or certificate of the revocation or suspension of a permit or certificate that is required for the performance of all or part of a practitioner's practice in the hospital, the practitioner's privileges shall be automatically suspended to the extent of the practice authorized by the permit or certificate. Restoration of the permit or certificate shall not automatically restore the right to resume the practice authorized by the permit or certificate without reconsideration thereof and a determination by the Executive Committee upon the recommendation of the Department Chief to make such restoration. In the event of an adverse recommendation by the Executive Committee, based on a medical disciplinary cause or reason, a Professional Staff member's hearing rights shall be governed by Section B-5.
Upon the expiration of the permit or certificate the Professional Staff member’s privileges shall automatically be suspended to the extent of the practice authorized by the permit or certificate and shall be reinstated upon verification of renewal.

(C) **Failure to Maintain Minimum Professional Liability Insurance.**

A practitioner who fails to maintain the minimum professional liability insurance as established by Hospital Administration shall be subject to automatic and immediate suspension of all privileges. The chief of the department shall make arrangements for other staff members to attend any inpatients of the suspended member.

(D) **Conviction of a Crime.** A practitioner who has been convicted of a crime shall be automatically suspended by the Chief of Staff or Hospital Administrator from practicing in the Hospital. Such suspension shall remain in effect until removed or rescinded by the Chief of Staff with the concurrence of the Hospital Administrator.

(E) **Exclusion from Government Health Care Programs.** Practitioners who are currently debarred or excluded from, or sanctioned by, any health care program funded, in whole or in part, by the federal government or any state, shall be subject to automatic and immediate suspension of membership and/or all privileges. The lifting of any sanctions by or debarment or exclusion from a government health care program, shall not automatically result in a restoration of such privileges or membership unless the Executive Committee finds that the practitioner meets the requirements of Professional Staff membership or is otherwise qualified to exercise privileges at the Hospital. The chief of the department shall make arrangements for other staff members to attend any inpatients of the suspended practitioner. The practitioner shall not be entitled to a hearing pursuant to Section B-5 regarding the suspension.
Joint Review, Investigation and Corrective Action at Multiple KFH Hospitals

1. Notice of Pending Reviews or Investigations / Joint Reviews or Investigations.

A. Each Chief of Staff and each Hospital Administrator each shall have the discretion to notify their counterparts at other KFH Hospitals whenever a practitioner is under review or whenever corrective action has been recommended or taken.

B. In addition, the Executive Committee may authorize the Hospital’s review process or investigation to coordinate with another KFH Hospital Professional Staff’s review process or investigation.

C. The Chief of Staff and the Hospital Administrator are authorized to disclose to another KFH Hospital’s peer review body (or an authorized representative of that body) information from Hospital and Professional Staff records to assist in the other KFH Hospital’s independent or joint review or investigation of any practitioner.

D. The results of any joint investigation shall be reported to each involved KFH Hospital’s Executive Committee for its independent determination of what, if any, corrective action should be taken.

2. Notice of Actions.

In addition to the discretionary notification and joint investigation provisions set forth at Section B-4.d.1, the Chief of Staff and/or the Hospital Administrator are authorized to inform his or her counterpart at any other KFH Hospital where the practitioner is known to hold privileges whenever any summary suspension of privileges or other corrective actions have been taken.

3. Effect of Actions Taken by Other KFH Hospitals.
Whenever the Chief of Staff or Hospital Administrator receives information about an action taken at another KFH Hospital, the Chief of Staff or Hospital Administrator shall ensure that there is an independent assessment of the practitioner’s practice within this Hospital, as appropriate.

e. **Termination and Nonrenewal of Staff Membership.**

1. **Termination on Expiration.** Any Professional Staff membership, whether in good standing or under suspension, which is not renewed by the Board of Directors, shall terminate upon the expiration of the appointment period.

2. **Independent Action by Board of Directors.** The Board of Directors, on its own initiative, after consultation with the Executive Committee of the Professional Staff, may deny, terminate, or not renew a Professional Staff membership. Hearing rights, if any, for the affected member shall be governed by Section B-5. At the discretion of the Board, the affected member may be temporarily reinstated to full or partial privileges pending the outcome of any hearing and reconsideration of the Board.

3. **Medical-Administrative Officers.** Professional Staff members who are directly under contract with the Hospital in a medical-administrative capacity shall not be entitled to the procedural rights specified in Section B-5 except to the extent that the member’s Professional Staff membership or privileges which would otherwise exist independent of the contract are to be limited or terminated under the terms of the contract for a medical disciplinary cause or reason.

f. **Resignation.** A practitioner may resign at any time by written notice of such resignation submitted to the Hospital Administrator, Chief of Staff, or Department Chief. If the resignation is submitted to the Chief of Staff or Department Chief, he or she shall promptly notify the Hospital Administrator. The resignation shall be effective upon receipt if no effective date is specified, or at any later date therein specified, or at any later date therein specified. Formal acceptance by or on behalf of the Board of Directors shall not be required.
SECTION B-5. HEARING AND APPEALS PROCEDURE

a. General Provisions

1. **Exhaustion of Remedies.** If adverse action described in Sections B-4 and B-5 is taken or recommended, the practitioner agrees to follow and complete the procedures set forth in these Bylaws, including appellate procedures, before attempting to obtain judicial relief in any forum related to any issue or decision which may be subject to a hearing or appeal under these Sections.

2. **Individual Evaluations vs. Requests to Review Rules and Requirements.** The sole purpose of the meetings, investigations, hearings and appeals provided in Sections B-4 and B-5 is to evaluate individual Professional Staff members on the basis of Bylaws, Rules and Regulations, policies and standards of the Professional Staff and Hospital. The Arbitrator provided for under Section B-5 has no authority to modify, limit or overrule any established Bylaw, Rule, Regulation, policy or requirement (collectively "rules and requirements"), and shall not entertain challenges to such rules and requirements. Any Professional staff member wishing to challenge an established rule or requirement must first notify the Executive Committee and the Board of Directors of the rule or requirement he or she wishes to challenge and of the basis for the challenge. The Board of Directors shall then consult with the Executive Committee regarding the request. No Professional Staff member shall initiate any judicial challenge to a rule or requirement until the Board of Directors, following consultation with the Executive Committee, has reviewed the rule or requirement in question and has either decided not to reconsider, or has upheld, the particular rule or requirement.

3. **Substantial Compliance.** Technical non-prejudicial or insubstantial deviations from the procedures set forth in these Bylaws shall not be grounds for invalidating the action taken under Sections B-4 or B-5.

4. **Hearings Prompted by Board of Directors Action.** If the hearing is based upon an adverse action taken by the Board of Directors, the Chairman of the Board of Directors shall fulfill the
functions assigned in this Section to the Chief of Staff, and the Board of Directors shall assume the role of the Executive Committee under this Section. There shall be no Appellate Review of the decisions resulting from such hearings.

b. Basis for Request for Hearing.

1. A practitioner may request a hearing when notified in writing that the Executive Committee has reached a final decision to recommend any of the following actions for a medical disciplinary cause or reason that requires reporting to the applicable licensing authority:

(A) that the practitioner's application for membership or request for privileges be rejected,

(B) that the scope of privileges the practitioner has requested be denied,

(C) that the practitioner's membership or privileges be terminated or not renewed,

(D) that there be a reduction in the practitioner's existing privileges,

(E) that the practitioner's privileges or membership or both, be suspended pursuant to Section B-4.c,

(F) that any other action be taken that would require that a report be filed regarding the practitioner with the applicable licensing authority.

2. Notice of Adverse Action. The notice of adverse action provided under Section B-5.b.1 shall advise the practitioner of the action that has been proposed, a brief indication of the reasons for the proposed action, his or her right to request a hearing under Section B-5 of these Bylaws, the time limit within which to request such a hearing, and that the proposed action is one for which a report must be filed with the state licensing board in accordance with applicable legal requirements. A copy of the notice of adverse action shall be hand-delivered to the practitioner, or sent by First Class mail, or certified mail, return receipt requested, or
other method confirming receipt to his or her latest address as shown in the practitioner’s credentials file.

3. **Request for Hearing.** The request for a hearing shall be submitted in writing to the Hospital Administrator within thirty (30) days of receipt by the practitioner of notification of the Executive Committee’s action. Failure to make such timely request shall constitute a waiver of the right to a hearing and appeal as well as acceptance by the practitioner of the recommendation and action of the Executive Committee.

d. **Pre-Hearing Procedure.**

1. **Arbitrator.**

   A. **Selection and Qualifications.**

   (1) The hearing shall be held before an Arbitrator agreed upon the parties or selected by the striking method of arbitrator selection, according to the following procedure. The Chief of Staff shall present to the practitioner a panel of at least three and up to five potential arbitrators meeting the qualifications set forth below. The list of Arbitrators shall be accompanied by biographical information regarding each potential Arbitrator. The practitioner may select an Arbitrator from the Executive Committee’s panel. Alternatively, the practitioner may propose an arbitrator not on the Executive Committee’s panel, but who meets the qualifications set forth below. If the parties do not agree on an Arbitrator, the practitioner may initiate the striking method by striking one of the Arbitrator’s names from the original list. Each party shall alternately strike a name from the panel list until one name remains, which name shall be the Arbitrator for the hearing.

   (2) The Arbitrator shall be an attorney at law qualified to preside over a formal hearing and preferably shall have experience in medical staff disciplinary
matters. He or she shall not be biased for or against the practitioner, and shall not be an attorney who regularly advises the Professional Staff or the practitioner on legal matters. The Arbitrator shall gain no direct financial benefit from the outcome, and must not act as a prosecuting officer or advocate for either side.

B. Authority and Duties.

(1) Although these Bylaws use the term “Arbitrator,” California arbitration law, including the California Code of Civil Procedure provisions governing arbitration, shall not apply. The Arbitrator’s authority shall be governed by these Bylaws, Business & Professions Code §§ 809 et seq., and case law applicable to hospital medical staff hearings. The Arbitrator shall act to assure that all participants in the hearing have a reasonable opportunity to be heard, and to present all relevant oral and documentary evidence, and that proper decorum is maintained. He or she shall be entitled to determine the order of, or procedure for presenting evidence and argument during the hearing, and to set reasonable schedules for timing and/or completion of all matters related to the hearing. He or she shall have the authority and discretion, in accordance with these Bylaws, to grant continuances, to rule on disputed discovery requests, to decide when evidence may or may not be introduced, to rule on witness issues, including disputes regarding expert witnesses, to rule on challenges to himself, or herself, serving as an Arbitrator and to rule on questions which are raised prior to or during the hearing, pertaining to matters of law, procedure, or the admissibility of evidence.

(2) If the Arbitrator determines that either side in a hearing is not proceeding in an efficient and expeditious manner, the Arbitrator may take such discretionary action as seems warranted by the
circumstances, including, but not limited to, limiting the scope of examination and cross-examination and setting fair and reasonable time limits on either side’s presentation of the case. Under extraordinary circumstances, the Arbitrator’s discretionary action includes, to the extent permitted by law, termination of the hearing. When the Arbitrator deems that termination of the hearing is necessary and orders termination, if the order is against the Executive Committee, the charges against the practitioner will be deemed to have been dropped. If, instead, the order is against the practitioner, the practitioner will be deemed to have waived his/her right to a hearing. The party against whom termination sanctions have been ordered may appeal the matter to the Board of Directors.

(3) In all matters, the Arbitrator shall act reasonably under the circumstances and in compliance with applicable legal principles and these Bylaws. In making rulings, the Arbitrator shall endeavor to promote a less formal, rather than more formal, hearing process and also to promote the swiftest possible resolution of the matter, consistent with the standards of fairness set forth in these Bylaws. When no attorney is accompanying any party to the proceedings, the Arbitrator shall have authority to interpose any objections and to initiate rulings necessary to ensure a fair and efficient process.

2. **Notice of Hearing and Notice of Charges.** After consultation with the Arbitrator and the practitioner, the Chief of Staff shall fix the place and time of the hearing, on a date within sixty (60) days of the Professional Staff’s receipt of the practitioner’s request for hearing. The Chief of Staff shall send by First Class mail, or by certified mail, return receipt requested, or other method confirming receipt or hand deliver a notice to the practitioner of such date, time and place not less than thirty (30) days prior to the hearing. Together with the notice stating the place, time and date of the hearing, the Chief of Staff shall include a Notice of Charges,
prepared by the Executive Committee, which shall state clearly and concisely in writing the reasons for the action, including the specific acts or omissions with which the practitioner is charged and a list of any charts on which the Executive Committee is relying in support of the charges. The Executive Committee may amend the Notice of Charges at any time so long as the practitioner is provided with reasonable notice of any amendment prior to the next hearing session. The practitioner's sole remedy for inadequate notice of any such amendment shall be a continuance of the hearing as determined by the Arbitrator pursuant to Section B-5.d.1.B. The scope of the hearing shall be limited to determining whether the adverse action described in the Notice of Adverse Action, for the reasons described in the Notice of Charges, is reasonable and warranted.

3. **Failure to Appear and Proceed.** Failure of the practitioner to appear personally and to proceed at such hearing without good cause, shall be deemed to constitute voluntary acceptance of the prior recommendations of the Executive Committee, which shall become the Executive Committee’s final report and recommendation to the Board of Directors.

4. **Discovery.**

(A) Each side shall have a right to inspect and copy, at its own expense, any documentary information relevant to the charges which the other party has in its possession or under its control, as soon as reasonably practicable after the receipt of the request for a hearing. However, the right to inspect and copy information does not extend to confidential information referring solely to individually identifiable practitioners, other than the practitioner. The Arbitrator shall consider and rule upon any request for access to information and may impose any safeguards that the protection of the peer review process and justice require. When ruling upon requests for access to information and determining the relevancy thereof, the Arbitrator shall, among other factors, consider (1) whether the information sought may be introduced to support or defend the charges; (2) the exculpatory or inculpatory nature of the information sought, if any; (3) the burden
imposed on the party in possession of the information sought, if access is granted; and (4) any previous requests for access to information submitted or resisted by the parties to the same proceeding.

(B) The failure by either party to provide access to the information specified in B-5.E.5.a, at least thirty (30) days before the hearing, shall constitute good cause for a continuance.

(C) At the request of either side, each side shall disclose to the other copies of documents which it intends to introduce and a list of witnesses who are expected to testify or to provide evidence at the hearing, not less than ten (10) days prior to the hearing. Each side shall have the duty to notify the other side of any change in its witness list promptly after that party learns of the change. The failure to provide a copy of a document or to provide the name of a witness, as required above, shall constitute good cause for a continuance.

(D) It shall be the duty of the practitioner and the Executive Committee, or its designee, to exercise reasonable diligence in promptly notifying the Arbitrator of any anticipated disputes regarding requests for access to information or other procedural disputes in advance of the hearing. Objections to any prehearing decisions may be made at the hearing.

e. Hearing Procedure.

The rules of evidence or judicial procedure need not be followed.

1. Representation.

(A) The parties may be represented at the hearing by anyone of their choice, including an attorney at law. The representative of the Executive Committee shall not be accompanied by an attorney if the staff member or applicant is not so accompanied. The foregoing shall not be deemed to deprive any party of its right to the
assistance of legal counsel for the purpose of preparing for or participation in the hearing.

(B) If attorneys are not present in the hearing pursuant to this Section, the practitioner and the Executive Committee may be represented at the hearing by a practitioner licensed to practice in the State of California who is not also an attorney at law.

2. **Conduct of Hearing.** The hearing will be closed, informal, and conducted in accordance with the rules of Section B-5.

3. **Rights of the Parties.** At a hearing, both sides shall have the following rights:

   (A) to ask the Arbitrator questions which are directly related to determining whether they meet the qualifications set forth in these Bylaws and to challenge such members;

   (B) to call and examine witnesses;

   (C) to introduce relevant documents and other evidence; to receive all information made available to the Arbitrator;

   (D) to cross-examine any witness who testified orally on any matter relevant to the issues, and otherwise to rebut any evidence;

   (E) to submit written statements in support of its position, both no later than ten (10) days prior to the start of the hearing and within five (5) days after the close of the hearing, or at such other times as the parties may agree or the Arbitrator may order;

   (F) the practitioner may be called by the Executive Committee and examined as if under cross-examination;

   (G) the Arbitrator may question the witnesses or call additional witnesses if it deems such action appropriate;

   (H) the Arbitrator may request each party to submit a written statement in support of his or her position both prior to the start of the hearing or at the close of the hearing.
4. **Rules of Evidence.** The Judicial Rules of evidence and procedure relating to the conduct of the hearing, examination of witnesses and presentation of evidence shall not apply in any hearing conducted hereunder. Any relevant evidence, including hearsay, shall be admitted by the Arbitrator if it is the sort of evidence upon which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the admissibility of such evidence in a court of law.

5. **Burdens of Presenting Evidence and Proof.** The Executive Committee shall have the initial duty to present evidence which supports the charge or action. An initial applicant shall have the burden of persuading the Arbitrator by a preponderance of the evidence of his or her qualifications by producing information which allows for adequate evaluation and resolution of reasonable doubts concerning his or her current qualifications for staff privileges or membership. He or she shall not be permitted to introduce information not produced upon the request of the Executive Committee, or Credentials and Privileges Committee, as applicable, during an appointment, reappointment or privilege application review or during corrective action, unless he or she establishes that such information could not have been produced previously in the exercise of reasonable diligence. Except as provided above for initial applicants, the Executive Committee shall bear the burden of persuading the Arbitrator by a preponderance of the evidence that the action or recommendation is reasonable and warranted.

6. **Record of Hearing.** The Arbitrator shall maintain a record of the hearing by using a certified shorthand reporter. The party requesting a transcript shall pay the cost of preparing the transcript prior to receiving it. The other party may obtain a photocopy of the transcript for the cost of preparing one. The Arbitrator may, but is not required to, order that oral evidence shall be taken only on oath administered by any person designated by the Arbitrator and entitled to notarize documents in this State or by affirmation under penalty of perjury.

7. **Continuances.** The parties shall exert their best efforts to assure that the hearing is completed within a reasonable time after the practitioner's receipt of notice of final proposed action or an
immediate suspension or restriction of privileges. Continuances shall be granted by the Arbitrator upon the agreement of the parties or for good cause, including failure of either party to comply with Section B-5.e.5.

8. **Adjournment and Conclusion.** The Arbitrator may adjourn the hearing and reconvene it as agreed to by the parties, or as he or she deems proper. When the presentation of evidence and arguments is concluded, the Arbitrator may declare the hearing to be closed. The Arbitrator then shall deliberate privately and make a recommendation and report to the Board in accordance with Section B-5.d.1. above.

9. **Decision of the Arbitrator and Report to the Board.**

   (A) Within thirty (30) days of conclusion of the hearing, the Arbitrator shall make a report and decision in writing to the Board, with a copy to the Executive Committee and to the Hospital Administrator. The hearing shall be considered concluded when the Arbitrator has adjourned the hearing.

   (B) The Arbitrator’s report and decision to the Board shall be based on the evidence presented at the hearing, including oral testimony, written statements, hospital and medical record information, documents introduced at the hearing and other admissible evidence made available to the at the hearing.

   (C) The written report shall include findings of fact and a conclusion articulating the connection between the evidence produced at the hearing and the decision reached. If the Arbitrator decides the Executive Committee’s action is reasonable and warranted, the Arbitrator’s report to the Board shall affirm the action, and state the reasons for the Arbitrator’s decision. If the Arbitrator decides the action is not reasonable and warranted, the Arbitrator’s report should modify or reject of the action, and state the reasons for the Arbitrator’s decision. The Arbitrator also may remand the matter to the Executive Committee for further consideration of specified issues.
(D) The Arbitrator shall also send a copy of its written report to the staff member or applicant who requested the hearing, by First Class, or certified mail, return receipt requested, or other method confirming receipt and shall include a written explanation of the procedure for appealing the decision.

f. Appellate Review

1. **Time For Appeal.** Within forty (40) days after the date of receipt of the Arbitrator decision, either the practitioner or the Executive Committee may request an appellate review by the Board. Said request shall be delivered to the Assistant Secretary, in writing either in person, or by First Class, or certified, mail, return receipt requested, or other method confirming receipt at 9961 Sierra Avenue, Fontana, CA 92335. The request shall briefly state the reasons for the appeal. Reasons for appeal shall be procedural failure so as to deny a fair hearing, that the decision of the Arbitrator was not reasonable and warranted, or that the decision was made arbitrarily or capriciously. If appellate review is not requested within this period, both sides shall be deemed to have accepted the action involved and it shall thereupon become the final recommendation of the Executive Committee. The Board shall give that recommendation great weight, but the recommendation shall not be binding on the Board.

2. If appellate review is timely requested by the practitioner or the Executive Committee, the Chairman of the Board of Directors shall appoint a three member Appellate Review Panel, at least one of whom shall be a member of the Professional Staff of the Hospital who was not a witness at the prior hearing and who had no prior involvement in the same matter as an initial fact-finder, accuser, witness, or decision-maker. The Chairperson of the Panel shall be selected by the Chairman of the Board of Directors. The Appellate Review Panel shall have such authority as necessary to discharge its responsibilities.

3. **Appeal Procedures.** The Appellate Review Panel shall review the record of the hearing before the Arbitrator and may accept additional oral or written evidence, subject to a foundational showing that such evidence could not have been made available to the Arbitrator in the exercise of reasonable diligence, or that the
evidence was improperly excluded at the hearing before the Arbitrator, and subject to the same rights of cross-examination or confrontation provided at the hearing. The Appellate Review Panel may remand the matter to the Arbitrator for the taking of further evidence and for decision. Each party has the right to be represented by an attorney or any other representative the party chooses. The Appellate Review Panel may select an unbiased attorney to assist it by fulfilling the duties of a Hearing Officer. The Hearing Officer may participate in the deliberations and act as a legal advisor to the Appellate Review Panel, but he or she shall not be entitled to vote. He or she shall act to assure that all participants in the hearing have a reasonable opportunity to be heard and to present additional relevant oral and documentary evidence, if permitted by this Section, and that proper decorum is maintained. He or she shall be entitled to determine the order of or procedure for presenting any additional evidence and argument during the hearing. He or she shall have the authority and discretion, in accordance with these Bylaws, to grant continuances, to decide when evidence may or may not be introduced, to rule on challenges to Appellate Review Panel members, to rule on challenges to himself or herself serving as a Hearing Officer, and to rule on questions which are raised prior to or during the hearing pertaining to matters of law, procedure, or the admissibility of evidence.

A verbatim record shall be made of the appellate hearing by a court reporter. The parties may obtain a transcript or a copy thereof in the same manner as provided in Section B-5.f.6. above.

Each party has the right to present a written statement in support of his or her position on appeal, in a length and format determined by the Hearing Officer in consultation with the Appellate Review Panel, and to appear personally and present oral argument. At the conclusion of oral argument, the Appellate Review Panel may thereupon conduct, at a convenient time, deliberations outside the presence of the parties and their representatives.

Failure of the practitioner to appear personally and to proceed at such proceeding without good cause, shall be deemed to constitute voluntary acceptance of the report and decision of the Arbitrator. If the practitioner requested appellate review, the
report and decision of the Arbitrator, that report and decision shall be considered the final recommendation of the Executive Committee and shall then be forwarded to the Board for review. The Board shall give that recommendation great weight, but the recommendation shall not be binding on the Board. If the Executive Committee requested appellate review, the Appellate Review Panel shall proceed under this Section B-5.f and reach a decision based on the record of the prior hearing and information and argument submitted by the Executive Committee under this Section.

4. **Decision.** The Appellate Review Panel shall exercise its independent judgment in determining whether a practitioner appellant was afforded a fair hearing, whether the decision is reasonable and warranted, and whether any Professional Staff Bylaws provision, Rule or Regulation relied upon by the Arbitrator in reaching his or her decision is reasonable and warranted. The Panel, after reviewing the record and arguments of the parties, may affirm, modify or reserve the recommendation. The Panel also may remand the matter for further consideration of designated issues. In such instance the recommendation as to the designated issues may be reviewed by the Appellate Review Panel, in accordance with the procedures of this subsection, but following an expedited time frame, if feasible. The decision shall specify the reasons for the action taken and provide findings of fact and conclusions articulating the connection between the evidence produced at the hearing and the appeal (if any), and the decision reached, if such findings and conclusions differ from that of the Arbitrator.

The Appellate Review Panel shall deliver copies of the decision to the Board, the practitioner and to the Executive Committee and Hospital Administrator, by personal delivery, by First Class mail or by certified mail, return receipt requested or other method confirming receipt.

g. **Right to One Hearing.** Notwithstanding any other provision of these Bylaws, no practitioner shall be entitled as a right to more than one judicial, evidentiary hearing and one appellate review on any matter which shall have been the subject of any action or recommendation giving rise to a hearing under Section B-5.
h. **Reapplication After End of Hearing Procedure.** Upon completion of the hearing and appeals procedure, or upon waiver thereof, the practitioner whose membership and/or privileges has been terminated shall be ineligible to apply for staff membership for at least thirty-six (36) months, unless the Executive Committee chooses to consider the reapplication at an earlier date.

i. **Exceptions to Hearing Rights.**

1. Actions based on failure to meet the Minimum Qualifications. A practitioner shall not be entitled to any formal hearing or appellate review rights if his or her membership, application or request is denied, suspended, or terminated, because of his or her failure to meet minimum requirements for membership or privileges as established under these Bylaws.

2. Administrative Suspension. A practitioner shall not be entitled to any formal hearing for any matter related to an administrative hearing as defined in Section B-4.c.2 except as otherwise specified.

3. Allied Health Professionals. The provisions of Sections B-4 and B-5 of these Bylaws shall not apply to the Allied Health Professionals except where required by law.

**ARTICLE C: CLASSIFICATIONS, PREROGATIVES, AND OBLIGATIONS OF THE PROFESSIONAL STAFF**

**SECTION C-1. ACTIVE STAFF**

a. **Qualifications.** The Active Staff shall consist of practitioners who:

1. Meet the requirements set forth in Section B-1 through 3.

2. Are engaged in the practice of their professions in the vicinity of this Hospital.

3. Regularly care for patients in this hospital; or are regularly involved in the care of in excess of ten (10) patients a year or twenty (20) patients during a reappointment cycle in the hospital;
or are regularly involved in Professional Staff functions, as determined by the Professional Staff.

4. Have satisfactorily completed appointment in the Provisional Staff category. This provision shall not apply to individuals with current Professional Staff membership on June 8, 2000.

b. **Prerogatives.** The prerogatives of an Active Professional Staff member, unless otherwise limited by these Bylaws and Rules and Regulations, shall be to:

1. Exercise privileges as provided in Article H.

2. Be eligible to hold office in the Professional Staff and in the department of which he or she is a member, and to serve on committees.

3. Vote on all matters presented at general and special meetings of the Professional Staff and of the department and committees of which he or she is a member.

4. Attend all scientific, educational and business meetings.

c. **Obligations.** The obligations of Active Staff members include the following:

1. Each member of the Active Staff, unless excused by the Executive Committee or the Staff President for good cause, shall attend not less than one-third of the regular meetings of his or her primary department or section, and of Professional Staff committees of which he or she is a member.

2. Each member of the Active Staff, within the areas of his or her professional competence, shall actively participate in and regularly assist the Hospital in fulfilling its obligations related to patient care, including, but not limited to, consultative emergency services.

3. Each member of the Active Staff shall actively participate in peer review and be available to participate in other quality improvement activities, including utilization review, quality evaluation and related monitoring activities, proctoring other Professional Staff
members and Allied Health Professionals, and in performing other related functions as may be required.

SECTION C-2. COURTESY STAFF

a. **Qualifications.** The Courtesy Staff shall consist of practitioners who:

1. Meet the requirements set forth in Section B-1 through 2.

2. Care for patients in this hospital; or are otherwise regularly involved in the care of in excess of four (4) patients a year or eight (8) patients during a reappointment cycle in the hospital.

b. **Prerogatives.** The prerogatives of the Courtesy Staff member, unless otherwise limited by these Bylaws and Rules and Regulations shall be to:

1. Exercise privileges as provided in Article H;

2. Be eligible for appointment to any committee;

3. Have the privilege of the floor at any business meeting, but not to vote; and

4. Attend all scientific, educational, and business meetings.

c. **Obligations.** Courtesy Staff members shall use their best efforts to attend a reasonable number of department, business, scientific and educational meetings.

SECTION C-3. CONSULTANT STAFF

a. **Qualifications.** The Consultant Staff shall consist of practitioners who:

1. Meet the requirements set forth in Sections B-1 through 3.

2. Provide consultative services at this Hospital.

3. Have satisfactorily completed appointment in the Provisional Staff category. This provision shall not apply to individuals with current Professional Staff membership on June 8, 2000.
b. **Prerogatives**: The prerogatives of a Consultant Staff member, unless otherwise limited by these Bylaws and Rules and Regulations shall be to:

1. Provide consultative services to patients consistent with his or her privileges as provided in Article H;
2. Be eligible for appointment to any committee;
3. Have the privilege of the floor at any business meeting; but not to vote; and
4. Attend all scientific, educational, and business meetings.
5. Members of the Consultant Staff shall not admit patients.

c. **Obligations**: Consulting Staff members shall use their best efforts to attend a reasonable number of department, business, scientific and educational meetings.

**SECTION C-4. PROVISIONAL STAFF**

a. **Qualifications**: The Provisional Staff shall consist of practitioners who:

1. Meet the requirements set forth in Sections B-1 through 3.
2. Immediately prior to their application and appointment to the Professional Staff were not members (or were no longer members) in good standing of this Professional Staff.

b. **Prerogatives**: The prerogatives of a Provisional Staff member, unless otherwise limited by these Bylaws and Rules and Regulations, shall be to:

1. Be eligible for appointment to any committee;
2. Have the privilege of the floor at any business meeting; but not to vote; and
3. Attend all scientific, educational and business meetings.
4. Provisional Staff members who desire assignment to and meet the qualifications for the Active and Courtesy Staff categories may have the privilege to admit patients.
c. **Obligations:**

1. Provisional Staff members shall use their best efforts to attend a reasonable number of department, business, scientific and educational meetings.

2. Except as otherwise determined by the Executive Committee and Board of Directors, will be subject to a period of monitoring consisting of intense assessment and/or observation of their practice, including the collection and review of information from this Hospital and /other organizations, to determine whether the practitioner is clinically competent to perform the privileges requested.

d. The Executive Committee may award additional prerogatives and assign additional obligations to individual members of the Provisional Staff.

e. **Term:** A member shall remain in the Provisional Staff until completion of the Initial Evaluation as defined in H-2, not to exceed a total of two (2) years.

**SECTION C-5. HONORARY STAFF**

a. **Qualifications.** The Honorary Staff shall consist of individuals recognized for their outstanding reputation, their noteworthy contributions to the health and medical sciences, or their previous long-standing service to the Hospital.

b. **Prerogatives.** Honorary Staff members are not eligible to admit patients to, or exercise privileges in, the Hospital. They may serve upon committees without vote. They may attend staff and department meetings and any staff or Hospital educational meetings. An Honorary Staff member may not vote on any Professional Staff matter or hold an office of the Professional Staff.

c. **Obligations.** Each Honorary Staff member shall abide by the Professional Staff Bylaws and Rules and Regulations.
SECTION C-6. ADMINISTRATIVE STAFF

a. Qualifications.

The Administrative Staff shall consist of practitioners who:

1. Are the Chief of Staff or Assistant Chief of Staff of the Professional Staff.

2. Possess adequate training, experience, and demonstrated competence to provide general supervision of the Professional Staff.

3. Otherwise satisfy the qualifications of the officer position pursuant to Article D of these Bylaws.

4. Do not provide care for patients in the Hospital but otherwise satisfy the qualifications of Sections B-1 through 3.

b. Prerogatives.

The prerogatives on an Administrative Professional Staff member, unless otherwise limited by these Bylaws and Rules and Regulations, shall be to:

1. Be eligible to hold office in the Professional Staff and to serve on committees.

2. Vote on all matters presented at general and special meetings of the Professional Staff and of the committees of which he or she is a member.

3. Attend all scientific and educational meetings.

c. Obligations.

The Obligations of Administrative Staff members include the following:
1. Each member of the Administrative Staff shall attend not less than one third of the regular meetings of Professional Staff committees of which he or she is a member.

2. Each member of the Administrative Staff shall be available to participate in other performance improvement activities, including peer review, utilization review, quality evaluation and related monitoring activities, and in performing other related functions.

Membership on the Professional Staff shall automatically terminate when the practitioner no longer holds office as Chief of Staff or Assistant Chief of Staff.

Nothing in this Section shall preclude a practitioner who is a member of the Administrative Staff from applying for other Staff categories pursuant to these Bylaws if the practitioner otherwise satisfies the requirements of those categories.

ARTICLE D: OFFICERS

SECTION D-1. OFFICERS

Only members of the Active or Administrative Staff shall serve as officers. The officers of the Professional Staff and their terms of office shall be:

a. Chief of Staff; six (6) years

b. Assistant Chief of Staff; Six (6) years

c. Staff President; one (1) year

d. Staff Vice President; one (1) year

e. Staff Secretary; one (1) year

If the Executive Committee so recommends, the Professional Staff may elect such other officers as needed.

SECTION D-2. SELECTION OF OFFICERS

The officers of the Professional Staff shall be selected as follows:
a. **Chief of Staff.** The Chief of Staff shall be a physician member of the Professional Staff who is a member of the Active or Administrative Staff. The Chief of Staff shall have sufficient clinical training, experience, and demonstrated competence to provide general supervision of the Professional Staff. The Chief of Staff shall be elected by the Active and Administrative Staff, and shall take office commencing January 1 of the following calendar year, or earlier if the previous Chief of Staff did not complete his or her term. Candidates may be nominated by the Executive Committee or by written petition of forty percent (40%) of the members of the Active and Administrative Staff. The Chief of Staff shall hold office until December 31 of the year in which his or her term expires or until his or her successor shall be elected and accepts office. This paragraph becomes effective at the completion of the term of office of the Chief of Staff holding office when this paragraph is adopted.

b. **Assistant Chief of Staff.** The Assistant Chief of Staff shall be a physician member of the Professional Staff. The Assistant Chief of Staff shall be appointed by the Chief of Staff with the approval of the Executive Committee and shall hold office until his or her successor is appointed. Upon the death, permanent incapacity, termination or resignation of the Chief of Staff, the Assistant Chief of Staff shall serve until a Chief of Staff is elected and takes office.

c. **Staff President.** The Staff President shall take office commencing January 1 for one calendar year, and shall continue in office until December 31 of such calendar year or until his or her successor shall be elected and accept office. Serving as Staff President shall be immediately preceded by occupying the position as Vice President, and prior to Vice President, as Staff Secretary, each for a period of one year. In the event that, for any reason, a vacancy shall occur in this office, the Executive Committee may appoint a successor.

d. **Staff Vice President.** The Vice President shall take office commencing January 1 for one calendar year, and shall continue in office until December 31 of such calendar year or until a successor shall be elected and accept office. Beginning January 1, after serving one year, the Vice President shall assume the position of Staff President for a one-year period. Serving as Vice President shall be immediately preceded by occupying the position as Staff Secretary for one year.
e. **Staff Secretary.** The Staff Secretary and other officers as the professional staff may designate shall be elected by the Active and Administrative Staff and shall take office commencing January 1 of the following calendar year and shall continue in office until December 31 of such calendar year or until their successors shall be elected and accept office. Beginning January 1, after serving one year, the Staff Secretary shall assume the position of Vice President for one year. After serving as Vice President one year, the Vice President shall assume the position of Staff President for a one-year period. A vacancy that occurs in the office of the Vice President or Staff Secretary shall be filled through appointment by the Executive Committee. The officer so appointed shall hold office during the unexpired term of his or her predecessor.

f. **Staff Officers.** During the month of September, the Staff Secretary shall be nominated by members of the Active and Administrative Staff. Officers of the Executive Committee shall verify that current nominees are individuals in good standing regarding compliance with the Professional Staff Bylaws, Rules and Regulations. Subsequently, the Staff Secretary shall be selected by a vote of the Active and Administrative Staff by secret ballot. All staff officers shall be confirmed at the annual meeting of the Professional Staff.

g. **Election of Officers.** Ballots for election of officers shall be mailed or electronically mailed to each Active or Administrative Staff member within (60) days after the officer(s) is/are nominated. In order to be counted, a ballot must be received by the Professional Staff Office no later than thirty (30) days after the date the ballots were mailed or electronically mailed. A Professional Staff officer or designee shall supervise the counting of ballots. The affirmative vote of a majority of the voting members casting valid ballots shall be required for the election of officers.

**SECTION D-3. DUTIES OF PROFESSIONAL STAFF OFFICER**

a. **Chief of Staff.** The Chief of Staff shall provide for general supervision of the medical care of Hospital patients. He or she shall be an ex officio member, with voice and vote, of all committees and shall perform such other duties as the Professional Staff or the Executive Committee shall designate. He or she shall act in coordination and cooperation with Hospital Administration in matters of mutual concern within the hospital. He or she shall represent the views, policies, needs and grievances of the
Professional Staff, to the Administrator and the Board of Directors. He or she shall impart the policies of the Board of Directors to the Professional Staff. He or she shall be spokesperson for the Professional Staff in professional and public relations. The Chief of Staff shall supervise the enforcement of these Bylaws and Rules and Regulations.

b. **Assistant Chief of Staff.** The duties of the Assistant Chief of Staff shall be as follows: 1) those functions delegated by the Chief of Staff, and 2) to serve as Chief of Staff in his or her temporary absence.

c. **Staff President.** The Staff President shall have primary responsibility for the administrative aspects of the Professional Staff and must be a member of the Active Staff. He or she shall call, preside at, and be responsible for the agenda of all general and special meetings of the Professional Staff. He or she shall serve as the Chairperson of the Executive Committee. He or she shall render such assistance to the Chief of Staff as requested, and shall perform such other duties as the Professional Staff or Executive Committee shall designate.

d. **Staff Vice-President.** The Vice-President must be a member of the Active Staff and shall assist the Staff President in the performance of his or her duties, and in the absence or disability of the Staff President, shall perform his or her duties, and shall have such other duties as the Professional Staff, Executive Committee, or Staff President shall designate.

e. **Staff Secretary.** The Staff Secretary must be a member of the Active Staff and shall be responsible for maintaining a permanent written record of Professional Staff meetings and of meetings, major actions, and decisions of the Executive Committee, and shall supervise the keeping of all other committee records required by Article E and all clinical service records required by Article G. He or she shall maintain a roster of Professional Staff members. He or she shall cause to be maintained a record of attendance at all departmental staff and committee meetings and report such attendance to the Executive Committee. He or she shall conduct such correspondence as the Professional Staff shall require, and perform such other duties as the Professional Staff, the Executive Committee, the Chief of Staff, or the Staff President shall designate.

**SECTION D-4. REMOVAL OF STAFF OFFICER**

KFH-Fontana
2011

50
a. The Staff President, Vice President or Staff Secretary, shall be subject to removal from office by two-thirds vote of the Executive Committee, or by vote of two-thirds of the Active and Administrative Staff members at a special staff business meeting convened for that purpose. Action for removal may be initiated by the Executive Committee or upon written request of twenty-five percent (25%) of the members eligible to vote for officers.

b. Removal of the Chief of Staff prior to completion of his or her appointed term may be accomplished by a two-thirds majority vote of the Active and Administrative Staff members. Voting on removal of a Chief of Staff shall be by secret written mail ballot. The written mail ballots shall be sent to each voting member at least twenty-one (21) days before the voting date and the ballots shall be counted by the Staff Secretary.

c. An officer who has been removed from office is not entitled to a hearing pertaining to such action.

d. Cause for removal of an officer shall be any of the following: (1) failure to perform the duties of the office, as described herein; (2) failure to meet or continue to meet the qualifications of an officer, as described herein; (3) inability to serve effectively in the role as an officer.

ARTICLE E: COMMITTEES

SECTION E-1. GENERAL

a. Designation and Approval of Actions. The committees described in this Article shall be the standing committees of the Professional Staff. Unless otherwise specified, the members of such committees and the Chairpersons of such committees shall be appointed by the Staff President, subject to the Executive Committee’s approval. All committee actions require Executive Committee approval except as otherwise designated by these Bylaws.

b. Composition of Committees: Except for the Executive Committee, the composition of which is specified in Section E-2, each committee shall consist of such number of members as the Staff President shall appoint, but ordinarily not less than three, a majority of whom shall be selected from the Active and Administrative Staff. (The Accreditation & Licensure
Committee and Bioethics Committee are not required to have a majority of Active Staff members.) The Chief of Staff, Staff President and the Hospital Administrator or their designees shall serve ex officio on all committees with voice and vote. Committees reviewing clinical performances or related records shall include representation of the Nursing Department. Other non-physician committee members shall consist of departmental representatives serving on those committees concerned with their respective areas of concentration. They shall be appointed by the Hospital Administrator, confirmed by the Executive Committee, and shall have a voice and vote.

**Quorum:** A quorum of fifty percent of the voting membership shall be required for Executive and Credentials and Privileges Committee meetings. For other committees, a quorum shall consist of one-third of the voting members of a committee but in no event less than two (2) voting members.

c. **Appointment and Term of Office.** Committee Chairpersons, except for Accreditation & Licensure Committee, shall be members of the Active or Administrative Professional Staff. They shall be appointed by the Staff President with Executive Committee approval. Other members of standing committees, excluding members of the Executive Committee, shall be appointed or reappointed annually by the Staff President subject to Executive Committee approval. Committee appointments may be terminated by the Staff President upon recommendation of the committee chairperson, for cause. Participation by all committee members shall be reviewed annually by the Staff President. Unless otherwise specified, vacancies on any committee shall be filled in the same manner in which original appointment to such committee is accomplished.

d. **Committee Records.** Each committee shall keep a permanent record of its proceedings, of the persons attending each meeting, and the result of the vote on each matter upon which a vote is taken. Committee records shall be kept in such manner and form as the Staff President shall designate. Committees shall report relevant concerns and findings to the various departments. As specified in Section E-2, of all committee minutes shall be provided to the Executive Committee for review and approval of all recommendations and actions taken.

e. **Voting.** Except as otherwise specified, the action of a majority of the members present and voting at a meeting at which a quorum is present
shall be the action of the group. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of members. Any action taken must be approved by at least a majority of the required quorum for such meeting. Committee action may be taken by telephone or video conference or electronic mail which shall be deemed to constitute a meeting for the matters discussed in that telephone or video conference or electronic mail. A committee may act without a meeting if a written description of the action is signed by a majority of members entitled to vote. All committee members, including those not members of the Professional Staff, shall have voice and vote.

f. **Provision for Committees.** The standing committees of the Professional Staff shall be:

1. Executive Committee
2. Accreditation and Licensure Committee
3. Bioethics Committee
4. Credentials and Privileges Committee
5. Critical Care Committee
6. Health Information Management Committee
7. House Staff and Student Committee
8. Infection Control Committee
9. Interdisciplinary Practice Committee
10. Joint Liaison Committee
11. Operating Room Committee
12. Pharmacy and Therapeutics Committee
13. Professional Staff Education Committee
14. Professional Staff Well-Being Committee
15. Quality Leadership Committee
16. Medical Quality Improvement Committee

17. Surgical Services Quality Improvement Committee

18. Perinatal Quality Improvement Committee

19. Transfusion Committee

20. Utilization Management Committee

The functions of two or more standing committees of the Professional Staff may be combined upon approval of the Executive Committee.

g. Committees shall submit reports to the Board of Directors, through the Executive Committee, as requested.

SECTION E-2. EXECUTIVE COMMITTEE

The Executive Committee shall consist of the Chief of Staff, Staff President (who shall be chairperson of the committee), other Professional Staff officers as applicable, the Chairperson of the Quality Leadership Committee, and the Chiefs of Anesthesiology, Family Medicine, Pediatrics, General Surgery, Obstetrics and Gynecology, Internal Medicine, and Emergency Medicine, the Hospital Administrator and the Nurse Executive. Ex officio members may be appointed by the Chief of Staff with approval of the Executive Committee. Ex-officio members shall be members of the Professional Staff or Hospital Administration. The Executive Committee is responsible to ensure the proper functioning of all departments, committees and other activities of the Professional Staff and to monitor the effectiveness of Professional Staff activities. The committee shall coordinate the activities and general policies of the various departments, implement Professional Staff policies, and act for the Professional Staff as a whole in the intervals between Professional Staff meetings under such limitations as may be imposed by the Professional Staff with respect to both business and clinical matters. It shall receive and act upon reports and recommendations of departments and committees and other groups performing services under the Bylaws of the Professional Staff. It shall be responsible for the organization of the quality improvement and patient safety activities of the Professional Staff as well as the mechanisms used to conduct, evaluate and revise such activities. It shall make recommendations to the Board of Directors on staff appointments, reappointments, requests for privileges, disciplinary action, and the mechanism for the review of the foregoing. The Executive Committee shall meet at least
once a month during ten (10) months of the year, and maintain a permanent record of its proceedings and actions. It shall report at each regular General Staff meeting and submit periodic reports to the Board of Directors at least quarterly and as requested.

SECTION E-3. ACCREDITATION AND LICENSURE COMMITTEE

The Accreditation and Licensure Committee shall meet at least quarterly. The committee shall review current standards and regulations of accreditation and licensing organizations. The committee shall recommend to the Executive Committee actions necessary or desirable for obtaining and maintaining desired accreditation and licensure.

SECTION E-4. BIOETHICS COMMITTEE

The Bioethics Committee shall meet at least quarterly, and more often as needed to respond to requests for consultation. Reports shall summarize general activities of the committee, but shall not divulge the names or specific treatment programs of any patients/families. The committee shall (a) provide Professional Staff, Allied Health Professionals, and other appropriate groups with education concerning ethical issues in health care, as requested by the Board of Directors, the Hospital Administrator, and the Executive Committee; (b) draft or review policies which involve ethical issues; and (c) respond to requests for reflection and advice concerning ethical issues arising in connection with the care of an individual patient. Committee membership shall be multidisciplinary, consisting of physicians and non-physicians with backgrounds and experience sufficiently diverse to carry out the Committee’s responsibilities.

SECTION E-5. CREDENTIALS AND PRIVILEGES COMMITTEE

The Credentials and Privileges Committee shall meet at least quarterly and shall review, investigate, and evaluate the credentials of all applicants for membership and/or privileges, and maintain a continuing review of the qualifications and performance of all members of the Professional Staff and Allied Health Professionals. It shall consider and make recommendations regarding appointment, proctoring, renewal, classification and delineation of privileges and changes therein, as required by these Bylaws. In addition, the Committee shall investigate and report on matters involving any breach of professional standards by Professional Staff members or Allied Health Professionals. Committee
membership shall include representation from at least the following departments: Family Medicine, Internal Medicine, Pediatrics, Obstetrics & Gynecology, General Surgery, and Emergency Medicine. The Hospital Administrator, or his/her designee, shall be an ex-officio member with voice and vote.

SECTION E-6. CRITICAL CARE COMMITTEE

The Critical Care Committee shall meet at least quarterly and shall monitor the operation, facilities and equipment of the Critical Care Units and shall evaluate the quality, safety and appropriateness of care provided within the Critical Care Units. A director of a special care unit shall chair the committee. The membership shall include, but not be limited to, members of the Professional Staff, Nursing Service, and those other ancillary services deemed appropriate.

SECTION E-7. HEALTH INFORMATION MANAGEMENT COMMITTEE

The Health Information Management Committee shall meet at least quarterly to ensure that the quality, recording, maintenance, duplication and retrieval of medical records is reviewed for clinical pertinence and timely completion. The committee shall strive to assure compliance with Hospital policies and rules and regulations regarding the completeness, accuracy and legibility of Hospital medical records. The committee shall be responsible for the review and approval of all forms intended for inclusion in the medical record. Committee membership shall include members of the Professional Staff, the Director of Health Information Management, a representative from nursing and representatives of other ancillary services as deemed appropriate.

SECTION E-8. HOUSE STAFF AND STUDENT COMMITTEE

The House Staff and Student Committee shall meet at least annually and recommend standards for house staff training and shall correlate the house staff training program with other Kaiser Foundation Hospitals in the Division. The committee, in conjunction with and reporting through the Executive Committee, shall be responsible to the Hospital Administrator for recruiting house staff and shall maintain general supervision of all matters pertaining to house staff and their training. Although it is recognized that the recruitment and training of house staff is primarily the responsibility of the department chiefs concerned, the final decision as to employment of house staff shall be the responsibility of the Hospital Administrator.
SECTION E-9. INFECTION CONTROL COMMITTEE

The Infection Control Committee shall meet at least quarterly. It shall develop a system for surveillance, prevention and control of infection, identifying, and analyzing the incidence and cause of nosocomial infections, including assignment of responsibility for the ongoing collection and analysis of such data, as well as for required follow-up action. The committee shall develop and implement a preventive and corrective infection control program designed to minimize infection hazards, including establishing, reviewing, and evaluating aseptic, isolation, and sanitation techniques; provide advice on all proposed hospital construction; develop written policies defining special indications for isolation requirements in relation to the medical condition involved; review and/or act upon findings from such review or clinical use of antibiotics. The committee chairperson shall have authority to institute any appropriate control measure or studies when there is reason to conclude that there exists within the hospital a danger to patients and/or others from infection. The committee membership shall include, but not be limited to, the Hospital Infection Control Officer and/or Epidemiologist, members of the Professional Staff, and representatives from Administration, Nursing Service, and Infection Control. Representatives from Operating Room, Central Processing, Emergency Department, Environmental Services, Food and Nutritional Services, Material Management, Plant Services, Quality Improvement, Safety and Security, and Pharmacy shall participate at least on a consultative basis.

SECTION E-10. INTERDISCIPLINARY PRACTICE COMMITTEE

The Interdisciplinary Practice Committee shall meet at least annually to establish policies and procedures for interdisciplinary medical practice. The committee shall establish, approve, and monitor the performance of standardized procedures by registered nurses; recommend policies and procedures for the granting of expanded role privileges to registered nurses operating under standardized procedures, and make recommendations regarding clinical delineation forms for the awarding of privileges to registered nurses operating under a standardized procedure. The committee membership shall include the Hospital Administrator or designee, the Nurse Executive, and an equal number of registered nurses and physicians as approved by the Executive Committee.

SECTION E-11. JOINT LIAISON COMMITTEE
Medical-administrative problems ordinarily shall be resolved by the Hospital Administrator and representatives of the Professional Staff. That failing, issues are to be presented to the Board of Directors by the Joint Liaison Committee composed of the Chief of Staff, Hospital Administrator, one person chosen by the Active or Administrative Staff and two representatives of the Board of Directors. The committee shall convene upon authorization of the Board of Directors. A chairperson shall be elected for each meeting. Reports of the committee’s deliberations or recommendations shall be made to the Board of Directors, to the Executive Committee, and to the Professional Staff.

SECTION E-12. OPERATING ROOM COMMITTEE

The Operating Room Committee shall meet at least quarterly and shall be responsible for monitoring the functions of the operating rooms and the allocations and utilization of operating room time, facilities and equipment. The committee shall review and report quarterly on the quality and efficacy of services provided by the operating rooms and make recommendations, based upon this assessment, to the Executive Committee. The membership of the committee shall include, but need not be limited to, the chiefs of each surgical service, the chief of anesthesia, the supervisor of the operating rooms, the supervisor of the Post-Anesthesia Recovery Unit, and the Nurse Executive or his or her designee.

SECTION E-13. PHARMACY AND THERAPEUTICS COMMITTEE

The Pharmacy and Therapeutics Committee shall meet at least quarterly and shall be responsible for the development and surveillance of the drug therapy and utilization policies and practices in the Hospital in order to promote satisfactory drug therapy outcomes and clinical results, while minimizing the potential for hazards. Other quality improvement activities related to the use of medications shall include activities for (a) prescribing, ordering, preparing, dispensing, and the administration of medications; and (b) monitoring the effects of medications on patients. The committee shall assist in the formulation of broad professional policies regarding the evaluation, selection, storage, distribution, use, safety procedures, administration and other matters relating to drugs and diagnostic testing materials in the Hospital; advise the Professional Staff on matters pertaining to the choice of available drugs; define and evaluate all significant untoward drug reactions; make recommendations concerning drugs to be stocked throughout the Hospital; evaluate all standardized drug procedures
and pre-printed drug orders; develop and maintain a current formulary or drug list for use in the Hospital; evaluate clinical data concerning new drugs; coordinate and conduct drug usage evaluation activities; and establish standards and approve protocols concerning the use and control of investigational drugs and of research in the use of approved drugs. The committee membership shall consist of representatives of the Professional Staff, one of whom shall be chairperson, the Chief Hospital Pharmacist, a representative from the Nursing Service, and a representative from hospital administration. Members of the Professional Staff shall provide leadership for the development of quality measurement, assessment, and improvement activities regarding the use of medications.

SECTION E-14. PROFESSIONAL STAFF EDUCATION COMMITTEE

The Professional Staff Education Committee shall meet at least quarterly and shall:

a. organize a continuing education program coordinated with the Quality Improvement Program and designed to keep the Professional Staff informed of significant new developments in medicine. The committee shall act upon continuing education recommendations from Professional Staff Departments, the Executive Committee, or other committees responsible for patient care review and other quality review, evaluation, monitoring, and assurance functions. The committee shall maintain records of education activities, including individual participation, and submit reports to the Executive Committee of such education activities.

b. participate in the management of knowledge-based information resources of the hospital and shall be responsible for maintaining the Health Science Medical Library. The committee shall review the Health Science Library policies and procedures, evaluate the effectiveness of the library in meeting the informational, educational, and research-related needs of its users, and establish priorities in the selection of new texts, the selection or renewal of journals, and the acquisition of other library materials.

c. have jurisdiction over research projects being carried on at the Hospital, and shall receive, review, evaluate and make recommendations with respect to requests or suggestions regarding proposed research projects. The committee shall direct all research involving human subjects to the
SECTION E-15. PROFESSIONAL STAFF WELL BEING COMMITTEE

The Professional Staff Well Being Committee shall meet at least quarterly to promote the recognition and treatment of Professional Staff members and Allied Health Professionals impaired by chemical dependency or other physical or mental illness. The committee shall assist such members to obtain necessary treatment and/or rehabilitation services. It shall monitor the progress of such therapy and adherence to the treatment program.

The committee shall invite self referrals and referrals from others. It shall also consider general matters related to the health and well being of the members of the Professional Staff, and will develop educational programs or related activities for staff.

The activities of the committee shall be confidential. Reports shall summarize the general activities of the committee, but shall not divulge the names or specific treatment programs of any individuals who are being or have been monitored by the committee. If a participant does not comply with the treatment programs, or if information received by the committee indicates that the health or known impairment of a Professional Staff member poses a risk of harm to patients, staff, or others, that information shall be referred to the appropriate Department Chief, Chief of Staff, Hospital Administrator, and the Chair of the Credentials and Privileges Committee.

The committee shall not include members of the Professional Staff who serve on the Executive Committee.

SECTION E-16. QUALITY LEADERSHIP COMMITTEE

The Quality Leadership Committee shall meet at least quarterly and shall develop and implement a hospital wide Quality Improvement Program, subject to Executive Committee and Board of Directors approval to assure the provision of acceptable patient care through ongoing monitoring and evaluation of such care. Committee functions shall include, but need not be limited to, coordinating departmental quality improvement and risk management activities for all practitioners, collection of appropriate data required for the quality improvement decision making function, identifying problem areas in health care or clinical...
performance, monitoring the programs designed to evaluate the quality and appropriateness of care, monitoring and evaluating the effectiveness of corrective actions taken and identifying opportunities to improve health care. The Quality Leadership Committee shall monitor the activities of the Medical Quality Improvement Committee, Perinatal Quality Improvement Committee and the Surgical Services Quality Improvement Committee.

The committee shall be multidisciplinary. Membership shall include but need not be limited to representatives of clinical departments as determined by the Executive Committee, and the Department of Nursing, the Quality Improvement Director, Chairperson of Medical Quality Improvement Committee, Chairperson of Surgical Services Quality Improvement Committee, Chairperson of Perinatal Quality Improvement Committee and a representative of Hospital Administration. The committee shall facilitate the preparation of a report of the Hospital's quality improvement activities to be submitted to the Board of Directors at least quarterly through the Executive Committee.

**SECTION E-17. MEDICAL QUALITY IMPROVEMENT COMMITTEE**

The Medical Quality Improvement Committee (Medical QIC) shall meet as often as necessary, but at least quarterly, and shall evaluate the medical, nursing and ancillary services provided in the Hospital. The committee shall seek to continuously improve the processes involved in managing medical patients, by monitoring the performance of care and services provided, and identifying and resolving cross-departmental issues.

The committee will receive and assess routine performance reports on the various functional reviews of the Professional Staff, which shall include, but not be limited to: reviews concerning medical records, risk management, patient safety, utilization, blood usage, medication usage, and infection control. Reports to the Quality Leadership Committee shall include documentation of cases reviewed, and recommendations and actions taken. Committee membership shall be appointed by the Quality Leadership Committee.

**SECTION E-18. SURGICAL SERVICES QUALITY IMPROVEMENT COMMITTEE**

The Surgical Services Quality Improvement Committee shall meet as frequently as needed, but at least quarterly, and shall review an adequate sample of surgical cases
including cases where tissue was removed. The committee shall measure the performance of processes related to the use of surgical and other invasive procedures, anesthesia care, including the process of a) selecting appropriate procedures; b) preparing the patient for the procedure; c) performing the procedure and monitoring the patient; d) providing post-procedure care. Review shall include, but not be limited to, cases involving, removal of normal tissue, discrepancies between pre-operative diagnosis and pathologist reports on tissue removed during surgical procedures, and evaluation of the appropriateness of surgical procedures undertaken in the Hospital. In all cases reviewed, pre-established criteria agreed upon by the concerned department will be used as the basis for review and comment. The committee shall receive and assess routine reports on the various functional reviews of the Professional Staff related to the use of surgical and other invasive procedures, anesthesia care, which shall include, but not be limited to: reviews concerning medical records, risk management, patient safety, utilization, blood usage, medication usage, and infection control. Reports to the Quality Leadership Committee shall include documentation of cases reviewed and recommendations of action taken. Committee membership shall be appointed by the Quality Leadership Committee.

SECTION E-19. PERINATAL QUALITY IMPROVEMENT COMMITTEE

The Perinatal Quality Improvement Committee shall meet as often as necessary, but at least quarterly. It shall evaluate the medical, nursing, and ancillary services provided in the perinatal services, including labor and delivery, postpartum, normal newborn nursery and special care nursery. The Committee’s responsibilities shall include, but not be limited to: monitoring compliance with policies regarding obstetrical, neonatal care, infection control, and patient transportation of neonates. The committee shall receive and assess routine reports on the various functional reviews of the Professional Staff related to perinatal services, including labor and delivery, postpartum, normal newborn nursery and special care nursery, which shall include, but not be limited to: reviews concerning medical records, risk management, patient safety, utilization, blood usage, medication usage, and infection control. Reports to the Quality Leadership Committee shall include documentation of cases reviewed and recommendations of action taken. Committee membership shall be appointed by the Quality Leadership Committee.
SECTION E-20. TRANSFUSION COMMITTEE

The Transfusion Committee shall meet at least quarterly and shall be responsible for improving the care of patients receiving blood components as well as investigating all confirmed transfusion reactions. Pre-established criteria approved by Executive Committee will be used as a basis for review of cases.

The committee shall review clinical transfusion practice at least on a quarterly basis. The committee shall assess the use of blood and blood components, including the processes of (a) ordering, (b) distributing, handling and dispensing, (c) administration and (d) monitoring the blood and blood components effects on patients. The committee also shall develop clinically valid criteria to be used in the screening and evaluation of known or suspected problems in blood usage.

Reports to the Executive Committee shall include a description of problems identified and recommendations and actions taken. Committee membership may include chiefs of each surgical service, Chief of Pathology, Director of Nursing or designee, Quality Improvement Director, and representatives of other clinical disciplines and ancillary services as deemed appropriate.

SECTION E-21. UTILIZATION MANAGEMENT COMMITTEE

The Utilization Management Committee shall meet at least quarterly and shall oversee the performance improvement activities related to utilization management, including the activities related to determining the appropriateness of admissions and continued hospitalization such as the basis of admissions, lengths of stay, the timeliness and appropriateness of discharge planning and professional services (including drugs and biologicals) furnished to hospitalized patients, the medical necessity and timeliness of the services received, and how such services affect quality of care. The committee shall promote the most efficient use of available facilities and services, working toward the assurance of proper continuity of care at the time of discharge. The utilization review shall comply with the requirements of applicable Federal and State health care reimbursement programs. The committee shall establish, follow, periodically evaluate and update a Utilization Management Plan which shall be approved by the Executive Committee. The committee shall submit written reports to the Executive Committee summarizing the results of review activities, including recommendations and actions taken.

SECTION E-22. SPECIAL COMMITTEES
Special committees may be appointed by the Chief of Staff, by the Executive Committee, or may be created by majority vote of the Active and Administrative Staff at any Professional Staff meeting, to aid in carrying out the duties of the Professional Staff. Such committees shall confine their work to the purposes for which they are appointed.

ARTICLE F: STAFF MEETINGS

SECTION F-1. ANNUAL MEETING

There shall be an annual meeting of the Professional Staff. The Staff President shall present reports on actions taken during the preceding year and on other matters of interest and importance to the members. Notice of this meeting shall be given to the members at least thirty (30) days prior to the meeting.

SECTION F-2. AGENDA

The agenda at the Annual Staff Meeting shall include, as far as possible:

a. Reading and acceptance of the minutes of the last regular and of all special meetings held since the last regular meeting.

b. Administrative reports, including results of quality review activities.

c. The election of officers when required by these Bylaws.

d. Recommendations for improving patient care within the Hospital.

e. New business.

The agenda at regularly scheduled meetings of the Professional Staff will follow the foregoing if applicable to the business to be considered.

SECTION F-3. QUORUM

The presence of one-third of the total membership of the Active and Administrative Staff at any regular meeting shall constitute a quorum for doing business.

SECTION F-4. SPECIAL MEETINGS
Special meetings may be held at any time, and may be called by the Chief of Staff, Staff President, Executive Committee, or ten percent 10% of the Active and Administrative Staff members may call a special meeting after notifying the Hospital Administrator or Chief of Staff not less than seven (7) days prior to the meeting. Notice may be sent by electronic mail or any method reasonably likely to give notice to members. The notice shall state the time and place of the special meeting and describe its purpose and the nature of the business to be transacted. If a majority of the Active and Administrative Staff is present and a majority of the total membership of the Active and Administrative Staff signifies its assent, any business, including business which would ordinarily be transacted at the annual meeting, may be transacted at the special meeting. Action on any such business shall require approval of a majority of the total number of members of the Active and Administrative Staff.

SECTION F-5. VOTING

Except as otherwise specified, the action of a majority of the members present and voting at a meeting at which a quorum is present shall be the action of the group. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of members, if any action taken is approved by at least a majority of the required quorum for such meeting, or such greater number as may be required by these Bylaws.

a. Voting may be conducted by a show of hands, by voice, vote, vote by mail, vote by electronic mail, or by secret ballot, as the Staff President at his or her discretion shall designate. A secret, written ballot shall be required if duly moved and seconded prior to a vote.

b. A majority of the votes cast on any motion or proposition shall be sufficient except as provided in Sections D-4, F-5-c and in Section I-2-c.

c. The results of a mail ballot shall be reported. A majority vote of those Active and Administrative Staff members casting votes shall be required for approval of any question so submitted, except as described in (b) above, provided not less than one-third of the members of the Active and Administrative Staff have cast votes. In order to be counted, the ballots must be received no later than thirty (30) days after the ballots were mailed.

d. The secretary of the committee, or a Professional Staff Officer in the case of a meeting of the Active and Administrative Staff, shall be responsible for counting the votes cast and for reporting the results.
SECTION F-6. MINUTES

Minutes of all meetings shall be prepared and shall include a record of the attendance of members and the results of votes on each matter upon which a vote is taken. The minutes shall be signed by the Secretary and forwarded to the Executive Committee.

SECTION F-7. SPECIAL ATTENDANCE

At the discretion of the chairperson, when a practitioner's practice or conduct is scheduled for discussion at the regular department, section or committee meeting, the practitioner may be requested to attend. If a suspected deviation from standard clinical practice is involved, the notice shall be given at least seven (7) days prior to the meeting and shall include the time and place of the meeting and a general indication of the issue involved. Failure of a practitioner to appear at any meeting with respect to which he or she was given such notice, unless excused by the Executive Committee upon a showing of good cause, may be a basis for separate corrective action.

SECTION F-8. CONDUCT OF MEETINGS

Unless otherwise specified, meetings should be conducted according to Robert's Rules of Order Newly Revised. Technical or non-substantive departures from such rules shall not invalidate action taken at such a meeting.

ARTICLE G: CLINICAL ORGANIZATION

SECTION G-1. CLINICAL DEPARTMENTS AND SERVICES

Every member of the Professional Staff shall be assigned to a clinical department. The clinical organization of the Professional Staff shall consist of the following departments:

a. Addiction Medicine
b. Allergy
c. Anesthesiology
d. Continuing Care
and such other departments and services as the Executive Committee may establish: Subdivisions of departments, if any, shall be called services.

SECTION G-2. ORGANIZATION OF DEPARTMENTS AND SERVICES

a. Department Chiefs. Each major department shall be administered by a Department Chief who is qualified for full privileges in the department and is certified by the appropriate specialty board or has demonstrated,
through the privilege delineation process, that the person possesses comparable competence. In addition, each department may have one or more Assistant Department Chiefs, similarly qualified, who are selected by and serve at the discretion of, the Department Chief.

b. **Term of Office.** Each Department Chief shall serve a term of six (6) years. Each Department Chief shall hold office until December 31 of the year in which his or her term expires, (or until his successor shall be appointed and accept office).

c. **Appointment and Removal of Department Chiefs.**

The Board of Directors shall appoint the Department Chiefs upon recommendation of the Executive Committee and Chief of Staff. Removal of such Department Chief may be initiated by a majority vote of all Active Staff members of the department or service, effective when concurred by the Executive Committee and Board of Directors. Suspension from office for cause may be instituted at any time by the Chief of Staff or Executive Committee, pending removal action by the Board of Directors and removal from office shall be acted upon by the Board of Directors. Cause for removal of a Department Chief shall be any of the following: (1) failure to perform the duties of the office, as described herein; or (2) failure to meet or continue to meet the qualifications of a Department Chief, as described herein; or (3) the inability to serve effectively in the role as a Department Chief.

d. **Responsibility of Chief of Staff in Clinical Organization.** The Chief of Staff shall maintain general supervision over the activities of the various departments and services and over professional care and treatment provided in the Hospital, but shall rely upon the various Department Chiefs, and service chiefs if any, for detailed supervision of professional care and treatment within the jurisdiction of the various departments and services.

e. **Responsibility of Department Chief.** Each Department Chief shall be responsible to the Chief of Staff for the functioning of his or her department and its services, if any, and shall have general supervision over the clinical work within his or her department. Specifically, each Department Chief is responsible for the professional and administrative activities within the department, including:
1. The continuing surveillance of the professional performance of all individuals who have delineated privileges within that department;

2. Requesting from a practitioner whatever information is necessary to access the current competence of a practitioner, which shall include health information relevant to the practitioner’s ability to exercise the privileges he or she has requested.

3. The continuous assessment and improvement of the quality of care and services provided;

4. Recommending the criteria for privileges in the department;

5. Recommending privileges for each practitioner having privileges in the department and others seeking privileges in the department, and periodic renewal of such privileges;

6. Recommending appointment and periodic reappointment of department members;

7. The integration of the department, and services if any, into the primary functions of the organization;

8. The coordination and integration of the interdepartmental and intradepartmental services;

9. The development and implementation of policies and procedures that guide and support the provision of services;

10. Recommending a sufficient number of qualified and competent persons to provide care;

11. Determining the qualifications and competence of department personnel who are not privileged and who provide patient care services;

12. The maintenance of quality control programs, as appropriate;

13. The orientation and continuing education of all persons in the department;

14. Recommending space and other resources needed by the department; and.
15. Assessing and recommending to the relevant hospital authority off-site sources for needed patient care services not provided by the department or the Hospital.

f. Responsibility of Assistant Department Chief. Assistant Department Chiefs are responsible to and shall assist the Department Chief in the performance of his or her duties, and shall assume the duties of the Department Chief in his or her absence or during periods when he or she is unable to serve.

Membership in a clinical department is contingent upon continued qualification for Professional Staff membership. A member of the Professional Staff shall be a member of one clinical department. He or she must be well skilled in the specialty within which the major professional work of the department falls, and a substantial part of his or her medical practice shall be devoted to such specialty. A member of a clinical department shall not be required to confine his or her hospital practice to a single specialty. The practitioner shall attend the required number of meetings as stipulated in Section C-1-c.

SECTION G-3. DEPARTMENTAL MEETINGS

Each department shall hold meetings regarding the quality and appropriateness of medical care and treatment of patients within its jurisdiction. Meetings shall be held monthly for at least ten months of the year or less frequently upon prior approval of the Executive Committee. In no case shall meetings be held less than quarterly. A written record shall be kept of each departmental meeting, including a record of those in attendance, any conclusions, recommendations and/or actions taken. Such written record shall be made part of the permanent record of the Professional Staff. Attendance at meetings of a clinical department shall not relieve members of their obligation to attend other meetings of the Professional Staff.

ARTICLE H: PRIVILEGES

SECTION H-1. DETERMINATION OF PRIVILEGES FOR PROFESSIONAL STAFF MEMBERS
Each applicant for Professional Staff membership in any classification shall apply for the privileges for which he or she deems himself or herself qualified. Delineation of privileges shall be based at least upon the applicant’s training, experience, demonstrated competence and health status. The applicant’s credentials record shall reflect education and/or experience to support the granting of privileges. Certification by the appropriate specialty board is a factor which may be considered in the delineation of privileges. Each clinical department shall develop criteria for recommending specific privileges in that department. In considering applications, upon the recommendation of the chief of the appropriate department, the Credentials and Privileges Committee shall follow the procedure specified in Section B-2-d. Professional Staff members who choose not to participate in the teaching program are not subject to denial or limitation of privileges for this reason alone.

SECTION H-2. INITIAL EVALUATION AND PROCTORING

Practitioners who are granted privileges shall be subject to an initial period of monitoring consisting of observation of their practices and/or proctoring. Newly granted privileges shall be evaluated in a timely manner based on criteria established by the Department. This requirement may be fulfilled by the collection and review of information from this Hospital and other comparable healthcare organizations, to determine whether the practitioner is clinically competent to perform the privileges granted. The Department Chief or designee shall be responsible for proctoring and shall submit proctoring reports and other evidence of compliance to the Credentials and Privileges Committee for its approval. Practitioners must successfully complete the requirements for initial evaluation within one (1) year, unless extended by the Credentials and Privileges Committee for an additional period of up to one year upon a determination of good cause. The initial evaluation period shall not exceed two (2) years. Failure to successfully complete initial evaluation shall be grounds for termination of membership and/or limitation of privileges. Such termination shall not be subject to hearing and appeal rights under Section B-5, unless the reason for failure to successfully complete initial evaluation was a medical disciplinary cause of reason, such that the practitioner is otherwise entitled to the hearing rights afforded under Section B-5.
SECTION H-3. RENEWAL OF PRIVILEGES

At the time of reappointment, each staff member shall submit a written request for specific privileges. Privileges are granted for a period not to exceed two (2) years. Following review and recommendation by the chief of the appropriate department, the Credentials and Privileges Committee shall follow the procedure specified in Section B-3.a.3.

SECTION H-4. CHANGES IN PRIVILEGES

a. The chief of all departments shall maintain a continuing review of the qualifications of staff members, and may at any time during the period for which privileges were granted recommend to the Credentials and Privileges Committee that the privileges of any member be limited or revoked. Any such limitation or revocation of privileges shall be effective upon the decision of the Executive Committee but is subject to revision upon review by the Board of Directors. If a staff member is dissatisfied with any such decision, he or she may appeal as described in Section B-5.

b. Any Professional Staff member desiring a change in privileges shall submit a written request to the chief of his or her department and the Credentials and Privileges Committee. If additional privileges are requested documentation of appropriate training must accompany the request and the provisions of Section H-2 shall apply. Consideration and action on the request shall follow the processes described in Section B-3.a. The provisions for temporary privileges in Section H-6 shall apply to requests for extension of privileges.

SECTION H-5. SPECIAL CONDITIONS APPLICABLE TO DENTAL AND PODIATRIC PRIVILEGES

Patient care and surgical procedures performed by dentists shall be under the overall supervision of the Chief of the Department of Head and Neck Surgery. Patient care and surgical procedures performed by podiatrists shall be under the overall supervision of the Chief of the Department of Orthopedics.

SECTION H-6. TEMPORARY PRIVILEGES
a. **Grant of Temporary Privileges.** Upon the written concurrence of the Chief of Staff, or his or her designee, and the chief(s) of the department(s) where the requested privileges may be exercised, the Hospital Administrator or his or her designee may grant temporary privileges to a physician, oral surgeon, dentist, or podiatrist licensed to practice in this State. Temporary privileges may also be granted to Allied Health Professionals. Temporary privileges may be granted when important patient care need mandates an immediate authorization to practice or for new applicants to the Professional Staff. In all circumstances, temporary privileges may be granted for no more than one hundred and twenty (120) days.

Temporary privileges may be granted only upon a showing of current competence and in the circumstances described in subsection H-6.b, c., or d. To be considered for temporary privileges the practitioner must make information available to the Credentials and Privileges Committee which reasonably supports a favorable determination regarding the requested privileges. The granting of temporary privileges shall include the following:

1. Verification of (A) current licensure, (B) relevant training or experience; (C) current competence; and (D) ability and judgment to exercise the privileges requested;

2. Obtaining and evaluating results of queries to the National Practitioner Data Bank and state licensing board;

3. The applicant’s filing of a complete application with the Medical Staff Office;

4. The applicant has (A) no current or previously successful challenge to licensure or registration; (B) not been subject to involuntary termination of Medical Staff membership at another organization; and (C) not been subject to involuntary limitation, reduction, denial or loss of privileges;

5. Proof of adequate professional liability protection; and

6. Other minimum credentials established by Credentialing policy.

Before temporary privileges are granted, the practitioner must acknowledge in writing that he or she agrees to be bound by the
terms of the Professional Staff Bylaws, Rules and Regulations, and Hospital policies. Any physician, oral surgeon, dentist, podiatrist or Allied Health Professional exercising temporary privileges shall be under the supervision of the chief of the department to which he or she is assigned. Special requirements of consultation and reporting may be imposed by the department chief.

b. **Pendency of Application Period.** Temporary privileges described in Section H-6.a. may be granted after verification of a complete application. In such circumstances, an applicant may be granted temporary privileges while the complete application is awaiting approval for a period not to exceed one hundred and twenty (120) days.

c. **Care of Specific Patients.** Temporary privileges described in Section H-6.a. may be granted on a case by case basis, when an important patient care need mandates immediate authorization to practice and upon receipt of a written application for specific temporary privileges for the care of one or more specific patients. Practitioners requesting temporary privileges more than four (4) times in any 12 month period must apply for membership in the Professional Staff before being granted the requested privileges.

d. **Locum Tenens.** Temporary privileges described in Section H-6.a. may be granted upon receipt of a written application for locum tenens temporary privileges to a practitioner who is a member in good standing of the staff of another hospital or who the Chief of the Department in which the privileges will be exercised, in consultation with the Chair of the Credentials and Privileges Committee, finds to be currently competent. Such privileges may be granted for an initial period of thirty (30) days and may be renewed for three successive periods of thirty (30) days each, the total of which may not exceed one hundred and twenty (120) days.

e. **Termination of Temporary Privileges.** Temporary privileges may be terminated by the Department Chief or the Chief of Staff, after making arrangements for the care of patients previously admitted by the terminated practitioner. An appeal shall be available to the practitioner whose temporary privileges have been terminated pursuant to Section B-5.
SECTION H-7. DISASTER PRIVILEGES

The Professional Staff reviews and approves its role in the Disaster Plan.

a. Disaster privileges may be granted:
   1) In accordance with the Disaster Plan; and
   2) When the Disaster Plan has been activated and the hospital is unable to meet the needs of the community with its existing staff;

b. Disaster privileges may be granted on a case-by-case basis by the Hospital Administrator (or his or her designee) or the Chief of Staff (or his or her designee) in accordance with the Disaster Plan.

c. The Professional Staff shall be responsible for overseeing the performance of practitioners granted disaster privileges in accordance with the Disaster Plan.

ARTICLE I: ALLIED HEALTH PRIVILEGES

SECTION I-1. IN GENERAL

a. Allied Health Professionals shall be assigned to an appropriate department and shall participate in patient care under the direction of members of the Professional Staff in that department. Allied Health Professionals may take independent action affecting patient care, within the scope of their competence and authorization. Where statutes, regulations, or joint agreements govern the activities of such personnel within the hospital, these sources of authority shall limit the scope of practice. Additional guidelines may be adopted by the Executive Committee upon advice of the Credentials and Privileges Committee and interested department chiefs.

b. Allied Health Professionals shall not be eligible for Professional Staff membership nor vote in Professional Staff elections. Their authorization to serve hospitalized patients may be terminated or curtailed without entitlement to a hearing or appeals under section B-5 of these Bylaws.

However, Allied Health Professionals shall have the right to challenge any such action by filing a written notice with the Executive Committee within
fifteen (15) days of the action. Upon receipt of the notice, the Executive Committee shall conduct an investigation that affords the Allied Health Professional an opportunity for an interview concerning the notice. The interview shall not constitute a "hearing" and need not be conducted according to the procedural rules applicable to hearings under Section B-5 of these Bylaws. Before the interview, the Allied Health Professional shall be informed of the general nature of the circumstances giving rise to the action and he or she may present relevant information at the interview. A record of the interview shall be made and a decision on the action shall be made by the Executive Committee. The Board shall affirm this decision if it is supported by substantial evidence.

Notwithstanding the foregoing, Allied Health Professionals who are clinical psychologists, licensed clinical social workers, and marriage and family therapists licensed to practice in California shall be entitled to the same notice and hearing rights as members of the Professional Staff.

c. An applicant for privileges as an Allied Health Professional shall submit a written application, which includes information regarding professional qualifications, work history including past professional practice and hospital affiliations, current license status, professional liability protection, personal and professional references, condition of mental and physical health, and any pending or previous malpractice claims, settlements and judgments, or loss of or challenge to licensure, certification, or privileges at any hospital or other health care organization. Applicants shall agree in writing to be governed by the Bylaws and Rules and Regulations of the Hospital and of the Professional Staff. The above information, along with a request for delineated privileges within the particular category of Allied Health Professional for which application is being made, shall be reviewed and approved by the chief of the appropriate department. The Credentials and Privileges Committee, upon the recommendation of the chief of the department, shall review the application, and recommend to the Executive Committee the privileges to be granted to the applicant. The Executive Committee, if it approves the application, shall make its recommendations to the Board of Directors.

d. An applicant whose request for specific Allied Health Professional privileges is pending may be granted temporary privileges as provided in Section H-6-a and b.
e. The chief of the appropriate department shall conduct a review, at least every two years, of the qualifications and performance of each Allied Health Professional and may at any time recommend to the Credentials and Privileges Committee that the privileges of the Allied Health Professional be continued, extended, limited, or revoked. Such action shall be considered by the Credentials and Privileges Committee and a recommendation made to the Executive Committee. The Executive Committee shall determine the delineation of privileges to be granted for the subsequent two years and submit its recommendation to the Board of Directors for approval.

ARTICLE J: MISCELLANEOUS PROVISIONS

SECTION J-1. RULES AND REGULATIONS

a. In addition to these Bylaws, the Professional Staff shall adopt such Rules and Regulations as may be necessary or desirable for the proper delivery of health care in the Hospital.

b. Each department may establish policies and procedures for its specialized practice. They shall be consistent with the Bylaws and Rules and Regulations of the Professional Staff, and shall be subject to the approval of the Executive Committee.

a. **Adoption.** The Bylaws and the Rules and Regulations of the Professional Staff may be adopted at any meeting of the Professional Staff by vote of a majority of the members of the Active and Administrative Staff present, or may be adopted by a majority of all members of the Active and Administrative Staff by subscription without a meeting.

b. **Effective Date.** The Bylaws and the Rules and Regulations of the Professional Staff shall become effective upon approval by the Board of Directors and shall replace all previous Bylaws and Rules and Regulations.
c. **Review.** A review will be conducted by a standing or ad hoc committee designated by the Executive Committee as frequently as necessary, but not less often than every three (3) years to determine the need for amendments.

d. **Amendments.** Amendment of the Bylaws and Rules and Regulations may be initiated by action of the Professional Staff, or by the Executive Committee, or by the Board of Directors. No amendments shall be effective until approved by the Board of Directors.

1. **Amendment of Bylaws by Professional Staff.**

   (A) Amendments to the Bylaws may be proposed by written petition of twenty-five percent (25%) of the members of the Active and Administrative Staff.

   (B) If any amendment is so proposed, a special committee shall be appointed by the Staff President to consider such proposal. The committee shall report at the next regular meeting or at a special meeting called for the purpose of receiving such reports. The special committee shall present its recommendations as to the proposed amendments to the Active and Administrative Staff at the meeting or in writing prior to such meeting. Written notice of any such special meeting shall be sent to all members of the Active and Administrative Staff at least twenty (20) days in advance of the meeting.

   (C) The affirmative vote of a majority of the Active and Administrative Staff present at the meeting shall be required before submitting the proposed amendment of the Bylaws of the Professional Staff to the Board of Directors.

2. **Amendment of Rules and Regulations at Professional Staff Meeting.** Amendments to the Rules and Regulations may be submitted to vote at any regular meeting of the Professional Staff without prior notice, or at a special meeting duly called upon written notice containing the time and place of the meeting and the wording of the proposal, and sent to all members of the Active and Administrative Staff at least twenty (20) days prior to the meeting. Amendments to the Rules and Regulations shall be approved for
submission to the Board of Directors upon the affirmative vote of a majority of the members of the Active and Administrative Staff present at the meeting.

3. Amendments to Bylaws and Rules and Regulations Initiated by the Executive Committee.

Proposed amendments to the Bylaws or the Rules and Regulations may be initiated by the Executive Committee whose proposals then shall be considered and voted upon at Professional Staff meetings or by ballot as described in subsection I-2.d.

4. Bylaws and Rules and Regulations

Approval of Amendments by Ballot. Proposed amendments to the Bylaws or the Rules and Regulations that have been either initiated by the Executive Committee or endorsed by twenty-five (25%) percent of the Active and Administrative Staff members, shall be mailed to each Active and Administrative Staff member within sixty (60) days after the proposed changes are approved or received by the Executive Committee. The notice regarding the proposed changes shall include the exact wording of the proposed amendment(s) and a secret written mail or electronic mail ballot. In order to be counted, a ballot must be received by the Professional Staff office no later than thirty (30) days after the date the ballots were mailed or electronically mailed. A Professional Staff Officer shall supervise the counting of the ballots. The affirmative vote of a majority of the voting members casting valid ballots shall be required for staff approval of the amendment(s).

5. Initiation of Amendments by the Board of Directors.

Amendments to the Bylaws and Rules and Regulations may be proposed by the Board of Directors or by the Executive Committee of the Board. The proposed amendment(s) shall be communicated in writing to the Executive Committee of the Professional Staff which shall notify the members of the Professional Staff of the proposal. The Executive Committee shall solicit the response of the staff members and then advise the Board of Directors or its Executive Committee as to the views of
the staff regarding the proposed amendment(s). If the staff appears to oppose the proposed amendment(s), the Executive Committee may request a conference with representatives of the Board of Directors as selected by the Chairman of the Board. If the staff appears to favor the proposed amendment, the Executive Committee may arrange for a vote of the staff by ballot, as described in Section I-2.d.4. In no event, however, shall the consideration and action by the Executive Committee and Professional Staff exceed ninety (90) days from receipt by the Executive Committee of the amendment(s) proposed by the Board of Directors. After such ninety (90) days have elapsed, the Board of Directors may convene a joint conference between members of the Board of Directors appointed by the Chairman of the Board and members of the Professional Staff approved by the Executive Committee. Not withstanding the above, neither the Board of Directors nor the Professional Staff shall unilaterally amend the Bylaws or the Rules and Regulations.

SECTION J-3. DUES OR ASSESSMENTS.

The Executive Committee may recommend the amount of the annual dues or assessments, if any, for each category of Professional Staff membership, subject to confirmation by the Board of Directors or its designee, which shall not be unreasonable withheld. The Executive Committee may determine the manner of expenditure of such funds received as appropriate for purposes of the Professional Staff, provided, however, that such expenditures shall not jeopardize the nonprofit status of the Hospital. Executive Committee expenditures may include expenditure of Professional Staff funds to retain independent legal counsel to advise or represent the Professional Staff in Professional Staff matters.

SECTION J-4. NO RETALIATION.

Neither the Professional Staff, its members, committees or department heads, the Board of Directors, its chief executive officer, or any other employee or agent of the hospital or Professional Staff, shall discriminate or retaliate, in any manner, against any patient, hospital employee, member of the Professional Staff, or any other health care worker of the health facility because that person has done either of the following:
a. Presented a grievance, complaint, or report to the facility, to an entity or agency responsible for accrediting or evaluating the facility, or the Professional Staff of the facility, or to any other governmental entity.

b. Has initiated, participated, or cooperated in an investigation or administrative proceeding related to the quality of care, services, or conditions at the facility that is carried out by an entity or agency responsible for accrediting or evaluating the facility or its Professional Staff, or governmental entity.

SECTION J-5. HISTORY AND PHYSICAL EXAMINATIONS

A history and physical examination ("H&P") shall be completed within twenty-four (24) hours of admission by a practitioner who has been granted privileges to perform the history and physical examination in this Hospital. If a history and physical examination has been performed within thirty (30) days prior to admission, a durable, legible copy of this report may be used in the patient's medical record to satisfy this requirement. Within 24 hours of admission, the attending physician will write an update note (i.e., interval H&P) addressing: (a) whether the history and physical is still current, and (b) the patient's current status, including whether there have been any changes in the patient's status and the nature of those changes. The update note (i.e., interval H&P) must be on or filed with the report of the history and physical examination.

Operative Procedures: A history and physical examination shall be completed and entered into the medical record prior to the initiation of an operative procedure. An interval assessment documenting the presence or absence of changes since the completion of the history and physical examination shall be performed within 24 hours prior to surgery.

Qualifications: Unless otherwise allowed in this section, the history and physical examination shall be completed by one of the following members of the professional staff with appropriate privileges: physicians, podiatrists, or dentists.

Certified nurse midwives, physician assistants and nurse practitioners, as allowed by their scope of practice and hospital privileges, may perform all or part of the medical history and physical examination provided that the findings, conclusions, and assessment of risk shall be countersigned or authenticated by a member of the professional staff with responsibility for the patient’s care and appropriate privileges within 24 hours of admission or prior to the performance of an operative procedure.
RULES AND REGULATIONS OF THE PROFESSIONAL STAFF OF

KAISER FOUNDATION HOSPITAL

FONTANA, CALIFORNIA
INTRODUCTION

Pursuant to Section I-1-a of the Bylaws of the Professional Staff of Kaiser Foundation Hospital, Fontana, California, the following Rules and Regulations are adopted to become effective upon approval by the Board of Directors of Kaiser Foundation Hospitals.

ARTICLE I: ADMISSION AND CARE OF PATIENTS

SECTION I-A. ADMISSION AND PROVISIONAL DIAGNOSIS

A patient shall be admitted to the Hospital only by a member of the Professional Staff with admitting privileges. A provisional diagnosis shall be stated for each patient upon admission to the Hospital.

SECTION I-B. RESPONSIBILITY FOR MEDICAL CARE

A member of the Professional Staff shall be responsible for the care and treatment of each patient in the Hospital, for the timeliness, completeness and accuracy of the medical record, for necessary special instructions, and for transmitting reports of the condition of the patient to the referring practitioner and to the patient and/or relatives of the patient.

The attending physician has the responsibility for the complete and continuing care of his or her patients. He or she is required to keep appropriate hospital personnel informed as to where he or she can be reached in case of an emergency, and shall designate at least one physician to render emergency or other necessary patient care if he or she is not available. It shall be the responsibility of the Executive Committee to establish policies and procedures regarding minimum requirements for rounding by the attending Professional Staff.

SECTION I-C. PROTECTION OF PATIENTS

All practitioners responsible for admitting patients to the Hospital shall obtain and furnish, to all Hospital personnel concerned, such information as is readily available and may be reasonably required for the protection of the patient from self-harm and for the protection of others from patients who are a source of danger.

SECTION I-D. PROVISION OF SERVICES

Appropriate services, whether available in the Hospital or requiring outside referral, shall be offered to patients based on their clinical need, including patients who are mentally ill, who become mentally ill while in the Hospital, or who suffer from the effects of alcohol or other substances.
SECTION I-E. PROVISION OF PATIENT CARE

Medically indigent patients who are admitted to the Hospital shall be attended by members of the Professional Staff.

Patient care and services shall be rendered regardless of source or method of payment or the patient’s ability to pay.

SECTION I-F. TRANSFER OF PATIENTS

A patient shall be transferred to another facility only when such transfer is authorized by the attending physician or another member of the Professional Staff and has been agreed upon by an accepting physician and facility. The patient or the patient's legal representative, when she or he is reasonably available, shall consent to the transfer.

Before transferring a patient who has been diagnosed with an emergency medical condition or is in active labor, the physician shall provide emergency services and care to prevent, to the extent possible, a material deterioration of or jeopardy to the patient's medical condition or expected chances of recovery during transfer.

Clinically unstable patients shall not be transferred unless: a) the patient is being transferred to an institution better able to provide the medical services needed to treat the patient’s medical condition, and the risks of transferring the patient are outweighed by the benefits of the transfer; or b) the patient insists on such transfer after being fully informed of the risks associated with the transfer.

SECTION I-G. DISCHARGE OF PATIENTS

Patients shall be discharged only upon the order of the attending practitioner or designated member of the Professional Staff.

SECTION I-H. ATTENDANCE OF PATIENTS IN EMERGENCY SITUATIONS

An appropriate medical screening examination within the capability of the emergency department (including routinely available ancillary services) shall be provided to all individuals who come to the emergency medicine department and request (or on whose behalf a request is made) examination or treatment. Such medical screening shall be provided by qualified medical personnel. For purposes of this section, qualified medical personnel include physician members of the Professional Staff, physician assistants, registered nurses operating under standardized procedures, and others who have been authorized to perform such examinations.

Emergency services and care shall be provided to any person in danger of loss of life or serious injury or illness whenever there are appropriate facilities and qualified personnel available to provide such services or care. Such emergency services and care shall be
provided without regard to the patient's race, color, ethnicity, sexual orientation, religion, national origin, citizenship, age, sex, preexisting medical condition, physical or mental disability, insurance status, economic status, or ability to pay for medical services, except to the extent such circumstance is medically significant to the provision of appropriate care to the patient.

The chief of each department shall establish policies and duty rosters of physicians, including physicians who serve on an "on-call" basis to provide coverage in emergency cases. In emergency situations, Professional Staff members are required to attend patients until relieved.

SECTION I-I. MEDICAL RESEARCH

Medical research involving human subjects, including research utilizing confidential medical record information, shall be conducted only after review and approval of the Kaiser Permanante Southern California Institutional Review Board ("IRB"). Research shall be conducted in accordance with applicable governmental regulations. In cases involving human subjects in which the IRB has determined that written consent is required, consistent with legal requirements, appropriate written consent shall be obtained after full explanation of the procedures, risks, and alternatives, in a form acceptable to the IRB.

SECTION I-J. INVESTIGATIONAL ARTICLES

Use of investigational drugs, devices, and biologics ("Articles") shall be approved by the Chief of Staff and the Kaiser Permanente Southern California Institutional Review Board ("IRB"). Such Articles shall be administered as part of an approved medical research study, as compassionate use, or otherwise approved by the IRB, and only under the direct supervision of the approved Professional Staff member(s). Unexpected or significant adverse reactions shall be reported by the attending physician, to the IRB, the study sponsor, and to the U.S. Food and Drug Administration, when required. Prior to administration of an investigational Article, the physician under whose direction the Article is administered shall ensure that patient written informed consent is obtained in a form approved by the IRB.

SECTION I-K. QUESTIONING OF ORDERS

Physician orders may be questioned by nurses and other personnel in accordance with professional practice standards and established Hospital and Professional Staff policies.

SECTION I-L. UTILIZATION MANAGEMENT

1. The attending practitioner is required to document the need for admission and continued hospitalization after specific periods of hospital stay as identified by the
Utilization Management Committee and approved by the Executive Committee. This documentation must contain:

a. An adequate written record of the reason for continued hospitalization. A simple reconfirmation of the patient's diagnosis is not sufficient.

b. The estimated period of time the patient will need to remain in the hospital.

c. Plans for post hospital care.

2. Upon the request of the Utilization Management Committee, the attending practitioner must provide written justification of the necessity for continued hospitalization of any patient including an estimate of the number of additional days of stay and the reasons therefor. This report shall be submitted promptly upon receipt of such request. Failure of compliance with this policy will be referred to the Utilization Management Committee for appropriate action.

SECTION I-M. REQUESTS FOR EMERGENCY ASSISTANCE

In the event that a member of the nursing staff requests a member of the Professional Staff to respond to a patient or an emergency, the Professional Staff member shall render appropriate emergency care and/or advice and shall assist in contacting the patient's physician.

SECTION I-N. PROHIBITION OF SPLITTING OF FEES

The practice of dividing or splitting of fees, or offering, paying, or soliciting or receiving remuneration as an enticement for the referral of patients for care or services is prohibited.

ARTICLE II: MEDICAL RECORDS

SECTION II-A. GENERAL PROVISIONS

1. Complete Medical Record: The attending practitioner(s) shall be responsible to assure that a complete, legible, dated and authenticated medical record is prepared for each patient accepted for care by the Hospital. This record shall be in such form and shall contain such information as the Executive Committee and Hospital Administrator shall jointly prescribe. Entries in the medical record may be electronic or hardcopy. A medical record is complete when:

a. its contents reflect the patient's condition on arrival, diagnosis, test results, therapy, condition and in-hospital progress, and condition at discharge;
b. its contents, including any required clinical resume or final progress notes, are assembled and authenticated; and

c. all final diagnoses and complications are recorded without the use of symbols or abbreviations.

The following information shall be included, to the extent applicable:

a. Identification data

b. Medical complaint(s)

c. History of present illness

d. Past medical history

e. Allergy history, including allergies noted during hospital stay

f. Family history

g. Review of systems

h. Physical examination

i. Special reports covering all consultations, clinical laboratory examinations, x-ray examinations and similar information

j. Provisional diagnosis

k. Referrals to other providers and agencies

l. Evidence of informed consent

m. Medications, assessments and treatments ordered

n. Reports of operative and other invasive procedures

o. Anesthesia record, if applicable

p. Legal status of patients receiving mental health services

q. Emergency care provided to the patient prior to arrival, if any

r. Evidence of known advance directives

s. Consultation reports

t. Discharge instructions
u. Labor and delivery record, if applicable

v. Medical or surgical treatment recommended and carried out

w. Pathologic findings

x. Daily progress notes

y. Condition on discharge

z. Discharge summary

aa. Post discharge plan

bb. Autopsy report, when an autopsy is performed

c. At the time of discharge, final diagnosis without abbreviation.

2. **Timely Completion:** After discharge of the patient from the Hospital, records shall be promptly completed. No medical record shall be filed until it is complete, except at the direction of the Hospital Health Information Management Committee. Records not completed within fourteen (14) days of the patient’s discharge shall be considered delinquent. The Hospital Health Information Management Committee shall make recommendations to the Executive Committee regarding handling of delinquent records and appropriate disciplinary action.

3. **Signature and Authentication:** As used in these rules and regulations, requirements for practitioner signature may be met through handwritten signatures, signature stamps, or computer key. When a signature stamp or computer key is used, a statement shall be on file with the Hospital to the effect that the person whose name is on the stamp or computer key is the only person who has access to and will use the stamp or computer key. Each entry in the medical record shall be signed by the person making the entry, dated and the time shall be noted. The date and time shall be the date and time the entry is made regardless of whether the contents of the note relate to a previous date and time. Countersignatures do not require a date and time except as otherwise required.

4. **Symbols and Abbreviations:** A list of symbols and abbreviations which may not be used in the medical record shall be approved by the Executive Committee.

5. **Progress Notes:** Pertinent progress notes shall be recorded at the time of observation, sufficient to permit continuity and transfer of care. Whenever possible, each of the patient’s clinical problems should be clearly identified in the progress notes and correlated with specific orders as well as results of tests and treatment. Progress notes shall be recorded by the responsible practitioner(s) not less frequently than daily or more often when warranted by the patient’s condition.
SECTION II-B. HISTORY AND PHYSICAL EXAMINATIONS

A history and physical examination shall be completed within twenty-four (24) hours of admission by a practitioner who has been granted clinical privileges to perform the history and physical examination in this Hospital. If a history and physical examination have been performed within thirty (30) days prior to admission, a durable, legible copy of this report may be used in the patient’s medical record to satisfy this requirement. Within 24 hours of admission, the attending physician will write an update note (i.e. interval H&P) addressing: (a) whether the history and physical is still current, and (b) the patient’s current status, including, whether there have been any changes in the patient’s status and the nature of those changes. The update note (i.e., interval H&P) must be on or filed with the report of the history and physical examination.

Operative Procedures: A history and physical examination shall be completed and entered into the medical record prior to the initiation of an operative procedure. An interval assessment documenting the presence or absence of changes since the completion of the history and physical examination shall be performed within twenty-four (24) hours prior to surgery.

Qualifications: Unless otherwise allowed in this section, the history and physical examination shall be completed by one of the following members of the professional staff with appropriate clinical privileges: physicians, podiatrists, or dentists.

Certified Nurse Midwives, Physician Assistants and Nurse Practitioners as allowed by their scope of practice and hospital privileges, may perform all or part of the medical history and physical examination provided that the findings, conclusions, and assessment of risk shall be countersigned or authentication by a member of the professional staff with responsibility for the patient’s care and appropriate clinical privileges within 24 hours of admission or prior to the performance of an operative procedure.

SECTION II-C. PROTECTION OF MEDICAL RECORDS

All medical records and other records, whether in hard copy or electronic form, relating to the admission, care and discharge of a patient are the property of the Hospital. The original documents shall not be removed from control by the Hospital except as required by statute, subpoena, or court order. For purposes of this section, documents are to be considered under control of the Hospital if in the possession of the Southern California Permanente Medical Group, or at the corporate offices of Kaiser Foundation Hospitals, Kaiser Foundation Health Plan or their respective attorneys. Medical record information may be released when authorized by the patient, his or her guardian, conservator, the administrator of the patient’s estate, or when permitted by law. Bona fide medical researchers may have access to medical records, providing they assure preservation of confidentiality of patient identity, and receive IRB approval.
SECTION II-D. PATIENT CARE ORDERS

Ordinarily, orders for patient care are communicated in writing. All written orders shall be dated, timed and signed. Verbal orders may be given by a practitioner with clinical privileges to a registered nurse, pharmacist, licensed vocational nurse, physical therapist or a respiratory therapist (within the lawful scope of their activities) and others as determined by law and as authorized by the Hospital Administrator. The person receiving the verbal order shall document the order and the name of the ordering practitioner in the medical record the date, time and sign the entry with his or her own name and title. The ordering practitioner, or another practitioner responsible for the patient’s care, shall review and sign verbal orders within forty-eight (48) hours, unless earlier review and signature is otherwise required by law or hospital policy and procedure. Whenever there is a significant change in the level of a patient’s care, after appropriate evaluation, patient care orders shall be reviewed and revised.

SECTION II-E. SUPERVISION OF HOUSE STAFF

House staff shall be supervised in accordance with the Hospital’s policies and procedures. The attending physician shall document his or her involvement with and supervision of House Staff by countersigning operative reports, consultations, discharge summaries and history and physical examination reports and by reviewing and correcting medical record entries made by House Staff.

SECTION II-F. CONSENTS

1. The competent patient is entitled to be informed about the nature of the proposed diagnostic and therapeutic procedures, possible benefits, risks, potential complications and alternative approaches available. It is the Professional Staff member’s responsibility to convey the necessary information appropriate to the patient and the circumstances, in language which the patient is likely to understand, and to document this discussion in a separate entry in the medical record.

2. Except in emergencies, when the patient is unable to consent and consent is implied by law, no patients shall be subjected to any surgical, diagnostic, or therapeutic procedure that involves a significant risk of bodily harm unless an informed consent is obtained from the patient or his or her legally recognized representative and all other persons, if any, from whom consent is required by law. The medical record should indicate the emergent reason for not obtaining consent.

3. In exceptional cases where the patient asks not to be informed, and/or where discussion of the risks or complications might, in the opinion of the Professional Staff member, cause greater harm to the patient than is warranted, the Professional Staff member shall discuss the risks, complications, benefits and alternative treatments, if any, with an individual who would be an appropriate decision maker if the patient
lacked capacity to make health care decisions. Such a situation should be noted in the patient's medical record.

4. In cases where a patient is unconscious or is an unaccompanied unemancipated minor and requires emergency care, such condition will be documented in the medical record.

5. Special consents may be required, such as for patient photographs, or for observation of a surgical procedure or delivery, or for educational purposes, and will be identified by the Executive Committee consistent with legal requirements. All such consents shall become part of the medical record.

SECTION II-G. DISCHARGE SUMMARIES/DISCHARGE NOTES

A concise discharge summary shall be included in the medical record at discharge which contains: the reason for the hospitalization; significant findings; procedures performed and treatment rendered; the patient's condition at discharge; and instruction to the patient and family, if any. For normal newborns with uncomplicated deliveries, or for patients hospitalized for less than forty-eight (48) hours with only minor problems, a progress note may substitute for the discharge summary. For the purpose of this section, a minor problem or intervention is a problem or intervention which does not pose a significant hazard to the patient.

ARTICLE III: SURGERY

SECTION III-A. REQUIREMENTS PRIOR TO SURGERY

Except in cases of grave emergency, all of the following shall be completed and recorded before surgery is begun:

1. History and physical examination as required by Section II-B.

2. Pre-operative diagnosis.

3. All necessary diagnostic work.

4. Pre-anesthetic assessment.

5. Assessment of likely need to administer blood or blood components.

6. Consultation, if, and to the extent that consultation is required by Article IV.

7. Informed consent for the surgery and any associated anesthesia.
If, in any surgical case, these requirements are not met before the time scheduled for surgery, the operation shall be cancelled and rescheduled unless the attending practitioner states in writing that such delay would be detrimental to the patient. The medical record should then indicate the nature of the patient's condition before the start of surgery.

SECTION III-B. RECORD OF OPERATIONS

A preoperative diagnosis shall be recorded prior to surgery by a Professional Staff member with appropriate hospital privileges.

Immediately following surgery, the surgeon must enter a brief postoperative note in the medical record, which shall include those elements required by Hospital policy.

All surgery performed shall be fully described by the operating surgeon. This description shall become a part of the medical record. Such description shall include the name of the primary surgeon and his or her assistants, a detailed account of the techniques used, identification of tissues and foreign material removed, if any, and a description of the findings and the postoperative diagnosis. Such description shall be written or dictated directly after surgery.

SECTION III-C. PATHOLOGICAL EXAMINATIONS

Tissue and foreign material, if any, removed in surgery shall be submitted, together with adequate clinical information, to the hospital pathologist, unless exempt from pathologist review. The pathologist shall make such examination as he or she may deem necessary to arrive at a pathological diagnosis, and shall submit his or her report including recommendations, if any, in writing for inclusion in the patient's medical record. Tissue and foreign material to be considered exempt from pathologist review must be approved by the Operating Room Committee and the Executive Committee.

SECTION III-D. ANESTHESIA RECORD

In addition to the operating surgeon's report, the record of every operation involving the use of an anesthetic other than local anesthesia shall include a proper anesthetic record and post-anesthetic follow-up report.

ARTICLE IV: CONSULTATION
SECTION IV-A. CRITERIA FOR CONSULTATION

Except when consultation is precluded by emergency circumstances or is otherwise not indicated, the attending practitioner shall consult with another qualified Professional Staff member in all the following cases:

1. when the diagnosis is obscure after ordinary diagnostic procedures have been completed;

2. when there is doubt as to the choice of therapeutic measures to be used;

3. in situations where specific skills or other physicians may be needed;

4. when otherwise required by the Professional Staff or Hospital rules;

Consultation will be sought from a dental member of the Professional Staff for Hospital inpatients where a program of dental hygiene is essential for their well-being and otherwise indicated.

SECTION IV-B. STANDARDS FOR CONSULTATION

1. Whenever the attending practitioner desires a consultation, the attending practitioner shall institute a request for consultation. The consultant must be qualified by training or experience to give an opinion in the field in which his or her advice is sought. The consultation shall include a review of the medical record and an examination of the patient by the consultant. The consultant's report shall be included in the medical record.

2. Ordinarily, a member of the Professional Staff shall be called upon for all consultations required by these Rules and Regulations. When unusual circumstances necessitate consent by a practitioner who is not a member of the Professional Staff, such consultation will satisfy the requirement of these Rules and Regulations.

ARTICLE V: MISCELLANEOUS PROVISIONS

SECTION V-A. DUPLICATION OF LABORATORY PROCEDURES

Laboratory testing done prior to Hospital admission need not be repeated following admission if the tests have been carried out recently enough to be pertinent to the condition of the patient. A copy of the results of such reports shall be made a part of the hospital medical record. For surgical patients, those laboratory tests that it is appropriate to perform within 72 hours, must be performed not more than seventy-two (72) hours before the commencement of the surgical procedure or the administration of a general anesthetic.
SECTION V-B. CRITERIA FOR AUTOPSIES

It shall be the duty of all Professional Staff members to attempt to secure meaningful autopsies in all deaths which meet the following criteria, as identified by the College of American Pathologists:

1. deaths in which an autopsy would explain unknown or unanticipated medical complications;

2. deaths in which the cause is not known with certainty on clinical grounds;

3. cases of unusual academic interest.

Autopsies will be performed only upon the written consent of a legally authorized person in a form consistent with applicable statutes. In cases within jurisdiction of the Coroner, his or her authorization shall be obtained first.

A provisional anatomic diagnosis shall be entered into the medical record within three (3) days of the autopsy and a complete protocol shall be entered within sixty (60) days of such autopsy. The appropriate members of the Professional Staff and the attending practitioner of the decedent patient will be notified when an autopsy is performed.

SECTION V-C. EMERGENCY PREPAREDNESS

In preparation for possible catastrophes and disasters, the Hospital Administrator and Chief of Staff shall be jointly responsible for the establishment of a Disaster Plan. The scope of this plan will relate to situations arising within the Hospital and the community surrounding it. The operational aspects of the plan will be designed to coordinate to the greatest degree possible with area-wide disaster planning. Members of the Professional Staff will be assigned to appropriate tasks during the emergency situation and will be required to participate.

The Disaster Plan should be rehearsed at least twice a year, preferably as a part of a coordinated drill in which other community emergency service agencies participate. There shall be a written report and evaluation of all drills, prepared for and reviewed by the Executive Committee.

SECTION V-D. EMERGENCY SERVICES

1. Only physicians who are members of the Professional Staff shall serve in the Emergency Department.

2. An appropriate medical record shall be maintained for each patient cared for in the Emergency Department. If the patient is admitted such records shall be incorporated into the inpatient record. Emergency Department records shall include to the extent applicable:
a. Patient identification.

b. Information concerning time of arrival, means of arrival and how transported.

c. History of the emergency, injury or illness and care received prior to arrival at the Hospital.

d. Description of significant physical, laboratory and radiologic findings.

e. Diagnostic impression.

f. Treatment given.

g. Condition of patient on discharge.

h. Final disposition, including instructions given to the patient and family regarding necessary follow-up care.

i. Signature of the attending practitioner who is responsible for the clinical accuracy of the record.

3. There shall be periodic review of the Emergency Department medical records in accordance with the Quality Improvement Plan of the Hospital.

4. All departments shall provide for regularly available consultative services to the Emergency Department.

SECTION V-E. REGULATORY COMPLIANCE PROGRAM

All Professional Staff shall comply with local, state and federal laws and regulations, the Principles of Responsibility, and support and participate in the Regulatory Compliance Program.

SECTION V-F. SIGNIFICANT EVENTS

All Professional Staff shall support and participate in the identification, reporting and investigation of suspected Significant Events and other patient safety improvement and prevention activities.
